

## BUTCHERY OF U. S. PRISONERS BARED

## MOTIONS HOLD UP START OF MCKAY TRIAL

## ATTORNEYS CLASH; JURY PANEL OF 74 SENT HOME

BY ROBERTA APPELGATE  
Mason, Mich., Sept. 5 (AP)—Formal start of the trial of Frank D. McKay of Grand Rapids and his co-defendants on liquor graft charges was delayed indefinitely today as Special Judge John Simpson of Jackson began hearing a series of defense motions, with the permission of the state supreme court, which were denied earlier by Circuit Judge Leland W. Carr.

The high court this morning denied temporary stay in the trial, and rejected a petition for a writ of mandamus to compel Judge Carr to stay the trial and to quash the information. It said, however, that McKay's attorneys could present these motions to the trial court at Mason "without prejudice."

Arguments Drag Out  
As soon as the supreme court decision was relayed to the court, Eugene L. Carey, of New York, chief counsel for McKay, started presentation of the motions for a continuance, and arguments still were in progress when court adjourned for the day.

Other defendants are William H. McKeighan, former mayor of Flint, and Charles Williams and his son, Earl Williams of Detroit.

Judge Carr, the one-man grand jury investigating graft in state government, last week denied the following defense motions, which attorneys for the defense said they would present to Judge Simpson: To strike parts of the information; to quash the information; to grant a change of venue; to grant the four co-defendants a continuance, and to grant the co-defendants a separate trial.

Prejudice Alleged  
In a new motion McKay's attorneys also seek to force the state to call seven former officials and employees of the liquor control commission as material witnesses to the alleged conspiracy. They said the state charges was an attempt to corrupt the state liquor control commission.

Judge Simpson said he would rule on all the motions at the same time.

When it became apparent that arguments would not be completed today, Judge Simpson took the roll of the panel of 74 jurors and sent them home, cautioning them not to discuss the case, and directing them to report again tomorrow morning.

William Henry Gallagher of Detroit, as defense counsel, reviewing previous objections that Special Prosecutor Kim Sigler and Michigan newspapers had prejudiced the people so that McKay could not have a fair trial at this time, declared "There is no occasion in the history of the state where any litigant was called on to go to trial under conditions of such severe adverse publicity, and such long sustained publicity." He incorporated in his motion a request that if the year's stay were denied Judge Simpson order a 60-day continuance to allow time to prepare the case.

"It is one thing for a prosecutor to be zealous in the prosecution of crime," he asserted, "and another to so mould public opinion of the man who is going to be prosecuted for a crime as to prejudice him."

## Premier Tells Jap Diet Why War Was Lost

BY RUSSELL BRINES  
Tokyo, Sept. 5 (AP)—Japan surrendered because the atomic bomb raids on Hiroshima and Nagasaki climaxed mounting military losses and immense exhaustion of the home front, Premier Prince Higashi-Kuni told the diet today.

In his report on the causes of defeat, the premier declared 10,000,000 Japanese were "war sufferers," that "hundreds of thousands" had been killed or wounded, and 2,200,000 homes were burned by American aerial attacks.

He added that the atomic bomb, hurled upon a nation whose war power already was "disastrously undermined," was believed "likely to result in obliteration of the Japanese people."

The Russian declaration of war, the premier said, also forced Japan "into the worst international situation" and "the surrender instrument" was signed only after "it seemed almost impossible to carry on."

Nation Prostrated  
Higashi-Kuni, in speeches before both houses of the diet in its concluding sessions, pictured Japan virtually prostrated by Allied air blows, ground advances and sea-air blockade.

"No doubt we committed mistakes and our methods were faulty in not a few respects," he said. "Nor can it be said our efforts were exerted always in the right direction."

"Nevertheless, vanquished as we are, the will-power—spiritual energy—of a hundred million Japanese who willingly had borne every kind of want and tribulation attests eloquently to the intrinsic vitality of our race. It is my firm belief that the integrity of our nation will appeal to the world, leading to the restoration of friendly relations between our country and the other powers, and making it possible to bring about permanent peace and common prosperity for all mankind."

The premier avoided any suggestion that the Japanese considered they had been wrong in starting the war.

Higashi-Kuni had used the word "surrender" for the first time in his speech.

## WORK HALTED ON NEW FORDS

Strike Forces Layoff Of 22,000; Idle Now Total 39,000

Detroit, Sept. 5 (AP)—Layoffs of 22,000 Ford Motor company production workers, virtually halting all work on new automobiles in Ford factories here, brought the total of strike idle in the car industry tonight to 39,000.

The Ford layoffs, pointing up the growing severity of the industry's first major postwar labor tieup, were attributed by the company to a shortage of parts which have been supplied by a strike-closed feeder factory.

There has been no strike at Ford, where 3,100 employees previously had been laid off, but the layoffs were brought about, a spokesman said, by the 15-day-old walkout at the Kelsey-Hayes Wheel company.

Wheels and brake drums are supplied by the Ford factories by Kelsey-Hayes, where 4,500 employees have been affected in a strike over management's refusal to reinstate three minor union officials accused of participating in the election of two foremen.

Local 174 of the United Automobile Workers (CIO), representing the Kelsey-Hayes employees, called a meeting of the membership for tomorrow night for a "full discussion" of the dispute.

The U. S. Conciliation Service kept the government in Washington apprised of developments. Recently President Truman said war-time penalties might be imposed on unions interfering with the conversion efforts, but there was no official indication here that such action might be asked.

## Travel At Straits Triples Last Year

Lansing, Sept. 5 (AP)—Traffic at the Straits of Mackinac over the Labor day week-end was three times as heavy as last year, but did not approach the 1941 traffic count, State Highway Commissioner Charles M. Ziegler reported today.

State ferries carried 11,400 cars and 24,683 passengers from Friday through Monday this year as compared with 3,627 cars and 9,921 passengers in 1944. In 1941, 17,135 cars and 36,360 passengers crossed the Straits during the week-end.

AVENGER — C. M. R. Harold Stassen, above, former governor of Minnesota, acting as Adm. William F. Halsey's investigator of Japanese prison camps, promises relentless prosecution of those responsible for "bestial" treatment of Allied prisoners. Information is being compiled on tortures at "horror camps." (NEA Photo.)

## THREE DIVISIONS SAIL TO PACIFIC

Orders Are Cancelled For Units Not Needed By MacArthur

Washington, Sept. 5 (AP)—The war department today cancelled orders for the movement of three veteran army divisions to the Pacific, including the 95th infantry whose members protested against duty in Japan.

The other two divisions are the 2nd and 4th infantry divisions, which like the 95th were brought back from Europe and earmarked for Pacific service.

The war department's action was based on a recommendation from Gen. Douglas MacArthur to send to the Pacific only three of the six divisions scheduled to go.

He specified that the three should be the 86th and 93rd air-borne divisions whose members are now on furlough prior to reassembling early in October at Fort Bragg, N. C.

Soldiers in both the 86th and 93rd divisions had protested they were being "Shanghaied" into Pacific service after combat duty in Europe. Some of the protests reached congress and the White House.

## Restrictions Off On Railway Travel

Washington, Sept. 5 (AP)—The "don't travel" campaign, like the war, is all over.

From here on, the Office of Defense Transportation will not ask "is this trip necessary?"

Among the orders revoked today, effective September 16, was one which "froze" all railroad passenger train schedules as of September 26, 1942, and prohibited the operation of special trains, special cars, and extra sections.

Beginning September 9, it will be possible to make reservations for space on passenger trains, including sleeping car accommodations, 14 days in advance. Since June 29, the railroads have been prohibited from making reservations more than five days in advance.

From the traveler's standpoint, the most important remaining restriction eliminates sleeping car service on so-called over-night runs.

ODT said it had adopted a "wait and see" policy regarding this restriction. Because of continued heavy military demands for sleeping cars, it is expected to remain in effect for some time.

## Prisoners Cheer As Indian Troops Occupy Singapore

Singapore, Sept. 5 (AP)—Wary troops of the Fifth Indian Division, cheered lustily by thousands of Allied war prisoners, began today the reoccupation of this key bastion of Great Britain's Far Eastern empire.

Sullen Japanese sentries—remnants of the enemy horde that wrested the red-cliffed island from the British on Feb. 15, 1942—offered no resistance as the First Punjab Regiment's Second Battalion made the initial landing.

Thousands of war prisoners, including some 70 Americans, pressed against barred wire inclosures and climbed trees to acclaim their liberators. The road to Singapore was lined with flags displayed by Singapore's huge Chinese population.

## CONGRESS SET FOR MESSAGE FROM TRUMAN

## BUSHEL OF BILLS TOSSED INTO THE MILL

BY DOUGLAS B. CORNELL  
Washington, Sept. 5 (AP)—Congress nailed up the "open for business sign" today but the shelves were bare.

Tomorrow will be different. President Truman has a message—about a two-pounder—ready to be lugged up Capitol Hill. He won't read it in person. That would take a couple of hours.

Today the president merely recommended that some \$3,500,000,000 be lopped off the funds for civilian war agencies.

More to Come  
There's more of the same on tap.

With the catch-all message coming, the first day of the first peacetime session in nearly four years produced a few speeches, a few bills, and a fast look at what congressmen will argue about:

More economy, less taxes; more meat, less controls; more jobs and pay for the jobless, less government red tape.

House members tossed into the mill a bushel of bills that showed they were in a demanding mood. They demanded:

1. A congressional investigation of Pearl Harbor—and they may get it.

2. Control of the atomic bomb.

3. An end to OPA.

4. An end to the draft. But it looks as if the Selective Service Act will stay on the books until it expires May 15. The House military committee approved today a bill intended to encourage enlistments and cut the need of draft calls.

5. The turning of clocks back an hour from Wartime to Standard Time.

6. United Nations headquarters in the U. S. A.

7. Half a billion dollars to find the cause and cure for cancer and infantile paralysis.

8. Broader federal-state help for mothers and children.

9. Exemption of soldier bonuses from income taxes.

10. An end to the War Labor Board.

Nominations Received  
The Senate closed up shop in 17 minutes. That was long enough to receive a batch of nominations from the president, swear in Senator William F. Knowland, California Republican, and adjourn out of respect to his predecessor, the late Hiram Johnson.

There was more doing off the Senate and House floors than on them. Samples:

Jobless pay—The administration wants to chip in and help the states pay more money for a longer time to people out of work—roughly, as much as \$25 a week for 26 weeks. Senate and House committees gave this legislation an additional working over today.

Surplus war goods—The House put at the top of next week's work sheet a bill to provide a single administration for disposal of left-over supplies. A three-man board handles it now.

## Scrapping Of Boats Will Mean Jobs For Great Lakes Ports

Washington, Sept. 5 (AP)—The United States Maritime Commission is making plans to keep enough recently-constructed vessels on the Great Lakes to fill this region's shipping needs and scrap the rest at a port in this area.

Admiral Emory S. Land of the Maritime Commission wrote Senator Wiley (R-Wis) that surplus ships will be offered for sale.

His letter stated that there is "no question but that they will be broken up at some port on the Great Lakes following their offer for sale for that purpose."

Scrapping the boats here would boost employment in the Lake region, Wiley said.

## Radio 'Tokyo Rose' Is Under Detention

Yokohama, Sept. 5 (AP)—United States Eighth army headquarters announced today that Iva Toguri, Los Angeles-born radio announcer who won fame among American troops in the Pacific as "Tokyo Rose," is under detention.

An officer of the counter-intelligence corps apprehended the 29-year-old woman and turned her over to general headquarters for questioning and investigation.

The woman was picked up as an American citizen and no charge has been lodged against her. Headquarters said it wasn't known whether she was under guard.

## Yanks Move Into Tokyo Tomorrow

BY THE ASSOCIATED PRESS

Yokohama, Thursday, Sept. 6 (AP)—Troopers of the U. S. Sixth cavalry division today for the outskirts of Tokyo waited for the command which will send them parading into Tokyo Saturday (Friday, U. S. time) as the first allied warriors to occupy Nippon's capital.

General MacArthur, Allied supreme commander in Japan, designated the veteran dismounted cavalry division for the Tokyo honor yesterday, shortly after giving Japanese military leaders detailed orders for speedy disarmament of all Nipponese forces.

Moving down from the Aleutians, the U. S. Ninth fleet—commanded by Vice Adm. Frank Jack Fletcher—will take over the Ominato naval base on Mutsu Bay, on the north coast of the main Japanese island of Honshu. Negotiations with the Nipponese naval commander were set for Sunday.

Meanwhile, the American Sixth army occupation of Kyushu, southernmost Japanese home island, proceeded smoothly with the help of elements of Adm. Raymond Spruance's Fifth fleet.

Units of the 32nd division, Gen. Walter C. Krueger's Sixth army, took over kamikaze suicide plane airfields at Kanoya and an airfield on Kakoshima Bay at the southern end of Kyushu.

Premier Prince Higashi-Kuni told the Japanese diet meeting at Tokyo the empire was forced to its knees by the atomic bomb, heavy military losses and exhaustion at home.

Lt. Gen. Robert L. Eichelberger, U. S. Eighth army commander, estimated that the occupation of Japan's four home islands—Honshu, Hokkaido, Shikoku and Kyushu—will require between 300,000 and 400,000 troops. His own army will occupy Honshu north of Yokohama and Hokkaido to the north. He said that all Nipponese troops would be disarmed by Oct. 10.

In designating the First Cavalry division to be the first Allied armed force to enter Tokyo, MacArthur selected a historic old American outfit from a brilliant Pacific battle record. One of its previous commanders was Lt. Gen. Jonathan M. Wainwright, famed hero of Bataan and Corregidor.

First In Manila  
Now commanded by Maj. Gen. William C. Chase, the dismounted troopers first attacked the Japanese in recapturing the Admiralties in March, 1944.

In the Luzon Island campaign early this year it was the first to enter Manila, to liberate Allied concentration camps.

The cavalrymen have been sharing occupation duties in the Yokohama-Tokyo area with the 11th Airborne Division, which made the initial landings at Atsugi air field. The U. S. 27th (Yankee) division was scheduled to move into the

## RING OF NAVAL BASES FAVORED

Recommendations Made For Postwar Defense Of United States

Washington, Sept. 5 (AP)—The United States retain a vast post-war ring of naval bases spanning the Pacific, including one base that was formerly British.

It also called for six permanent major bases in the Atlantic, including one on Bermuda and another in Argentina, Newfoundland.

Nine major bases were included in a list which Assistant Secretary H. Struve Hensel described as "limited to those we should intend to maintain and which are susceptible to defense. They were:

Kodiak and Adak in the Aleutians; Hawaii; Guam, Saipan and Tinian in the Marianas; (considered as one base); Iwo Jima in the Bonins and Volcano Island groups; Okinawa, in the Ryukyus; the Philippines; and Manus in the Admiralties.

The latter, the southernmost of the group, was British before the war, and affords one of the finest fleet anchorages in the Pacific.

In addition to the nine major Pacific bases, Hensel said at a news conference, the navy was recommending that many others be kept, not as essential to the navy's needs, but primarily to prevent them from being used by any other nation.

While not identifying all in that category, he named as examples Wake, Midway, Eniwetok, Kwajalein, and Truk, the latter Japan's strongest outpost before the war.

## Schmeling Arrested By British Military

Germany, Sept. 5 (AP)—Former heavyweight boxing champion Max Schmeling was arrested by British military government authorities tonight and charged with "breach of military government orders."

It was expected that his trial would be scheduled for some time next week. The charge is the first of its kind to come before military courts in the British zone.

Schmeling's arrest followed his efforts to obtain a license to enter the publishing business to "re-educate the youth of Germany." The license was denied by the British military government.

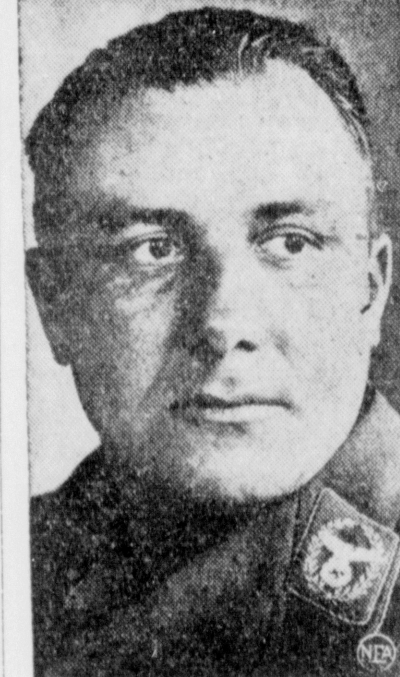

A senior officer said the denial was issued because "Schmeling was a symbol of Nazism during the war for the youth of Germany."

## Flight From Iwo Sets New Record

Washington, Sept. 5 (AP)—A B-29 Superfortress set a new record in a 5,490-mile flight from Iwo Jima to Spokane, Wash., in 23 hours, 33 minutes, the war department reported today.

The B-29, which carried photographs of the first occupation landings in Japan and letters from liberated prisoners of war, broke the non-stop record for distance and also for over-water flight on the trip, the department said.

BACK TO SLOW TIME  
Lansing, Sept. 5 (AP)—Lansing will return to Eastern Standard (slow) time at midnight Sept. 30, the city council has directed. Residents of Michigan's capital city may petition for a resumption of daylight saving time next spring if they desire, the council said.

HUN HOODLUM — One of the last of Hitler's henchmen to be hunted down by the Allies is Martin Bormann, above, chief deputy of the Nazi party, listed as one of the most-wanted major war criminals. ## HEAT IS PUT ON TO KILL DRAFT

Inducements Offered To Spur Volunteer Army Enlistments

Washington, Sept. 5 (AP)—The heat was on in Congress today to get rid of the draft eventually by making enlistments more attractive.

The army itself stepped into the picture by announcing its biggest recruiting drive ever.

In the House there were these developments:

1.—The military committee approved legislation permitting enlistments for two or three year terms; granting 90-day furloughs home and travel expenses for men who reenlist; continuing the 20 per cent bonus for overseas service after 20 years, instead of 30 as at present.

2.—Rep. Earthman (D-Tenn.) introduced a bill to stop the draft by "stimulating enlistments." This he would do by allowing base pay of \$100 a month for privates and increasing other ranks \$50 a month, and improving chances of servicemen getting vocational training against the day when they want to get back to civilian pursuits.

3.—Rep. Smith (R-Ohio) offered legislation providing for immediate release of all enlisted married men and halting further inductions at once. He said volunteers should replace drafted men on occupation duties.

Senator Thomas (D-Utah), chairman of the Senate military committee, drew up legislation on the recruiting plan also. He would give enlisted men a five per cent pay increase for each year served overseas up to three years. Men 18 to 25 still would be drafted, but for a maximum of two years.

Senator Thomas (D-Utah), chairman of the Senate military committee, drew up legislation on the recruiting plan also. He would give enlisted men a five per cent pay increase for each year served overseas up to three years. Men 18 to 25 still would be drafted, but for a maximum of two years.

Senator Thomas (D-Utah), chairman of the Senate military committee, drew up legislation on the recruiting plan also. He would give enlisted men a five per cent pay increase for each year served overseas up to three years. Men 18 to 25 still would be drafted, but for a maximum of two years.

## List Of Houston's Survivors Increased

Singapore, Sept. 5 (AP)—Additional survivors from the U. S. cruiser Houston have been found in Singapore.

The total number of Americans liberated from Japanese prison camps here thus far is 112, including 22 civilians.

The prisoners of war include not only survivors from the Houston but also men from the Tidewater Oil Company tanker William F. Humphrey, sunk in the Atlantic from the 131st (Texas National Guard) Field Artillery Regiment captured in Java, and various airforce personnel, including Superfortress crews.

The Houston was sunk off Java in March, 1942.

## Walkouts Tie Up Furniture Plants

Grand Rapids, Sept. 5 (AP)—An estimated 1,400 were idle here Wednesday because of strikes at two furniture plants.

Smoldering grievances brought a walkout estimated at from 800 to 1,000 workers at plants of the American Seating company. Morris Miller, regional representative of the United Furniture Workers (CIO), said workers seek a union shop, a 15 per cent pay increase and adjustment of standing grievances.

RIFLE SHOT FATAL  
Coopersville, Sept. 5 (AP)—George S. Curley, 42, was cleaning his rifle at home Wednesday while his wife crossed the street to visit neighbors. She heard a shot and, rushing home, found her husband had met instant death from an accidental discharge of the weapon.

## CAPTIVES ARE BURIED ALIVE BY NIPPONESE

## SWIFT PUNISHMENT PROMISED FOR JAP WAR CRIMINALS

Washington, Sept. 5 (AP)—The United States moved swiftly today to punish Japanese war criminals after the state department told how the enemy burned, buried alive and beheaded American prisoners.

Two separate agencies are completing lists of Allied war criminals whom Americans and Allied forces are hunting down in Japan and throughout liberated Asia, it was learned.

Grim Story Released  
The agencies are the national war crimes council, strictly an American organization, and an Allied war crimes commission in China on which Ambassador Patrick J. Hurley is U. S. representative.

In making public another list of Japanese atrocities, in which the criminals frequently were named outright, the state department said the cases would "be dealt with by the properly constituted authorities."

Secretary of State Byrnes said the United States certainly must see to it that prosecution of Japanese war criminals is carried out just as in Europe.

The atrocity report was not a pleasant story, Byrnes observed grimly. It was not published until the war was over for fear of additional Japanese reprisals against American captives, he explained.

Killed In Ship Hold  
The report consisted of a series of formal state department protests on the atrocities, sent to Tokyo by way of neutral Switzerland.

Examples of the atrocities: About 750 Americans were crammed into the hold of a Japanese freighter and kept there virtually without air, water or food for nearly three weeks, until the ship was torpedoed. Americans who managed to get off the ship were machine gunned in the water; those who did not get out were killed in the hold by Japanese grenades.

Four American civilians—Carroll C. Grinnell, Alfred F. Dugdale, Ernest E. Johnson, and Clifford L. Larson—were arrested without explanation at the Santo Tomas internment camp near Manila. Their bodies were later found wired to 10 unidentified corpses in a field near Japanese military police headquarters.

Their brutal murder constituted a "flagrant violation" of the Geneva rules regarding civilian internees, the report said.

The only other American victim named in the report was George J. Louis, who was shot and wounded while returning to the Los Banos camp in the Philippines after buying food.

Flier Beheaded  
An appeal by other internees to take Louis to the hospital for treatment of his wounds was denied. Finally, the Japanese guards carried Louis on a stretcher to a clump of bamboo outside the camp and shot him fatally through the head.

American airman bailed out of his crippled plane over the New Guinea coast. After swimming ashore, he was captured by Japanese troops who beat him with sticks virtually all that day, throughout the night, and until the following afternoon.

Then a Japanese civilian named Thouye beheaded the flyer with

## BUREAU SEEKS NEW INDUSTRY

### Industrial Engineer May Be Hired To Direct Program

Marquette — A committee of the Upper Peninsula Development Bureau, to be named soon, will consider as its major task, ways and means of employing an industrial engineer to make an industrial and economic survey of the U. P. The committee will be named by Bureau President, Harry W. Martins, Iron River, and it will make recommendations to the bureau at its annual meeting. Such a project, said George E. Bishop, would dovetail with plans of the State Planning Commission to enlarge the staff of the Michigan College of Mining and Technology, to establish an industrial and technical research department which will assemble information, conduct research and apply its findings to the development and utilization of Upper Peninsula raw materials for the production of chemical products of plant wastes and production of modified woods. Bishop pointed out that the findings of the research department of the college can only be of value as it is broken down on a county unit basis and made available to communities looking forward to industrial expansion.

In addition to technical information, Bishop pointed out, "There is data of a social and economic nature that must be gathered, tabulated and made available. Not many towns in the peninsula have the available technical skill or could afford the cost of making a survey of its own, but perhaps, joining with other towns throughout the peninsula in the hiring of a skilled engineer to do the job for the peninsula as a whole, the information could be made available."

Need for such a project was pointed out by the state planning commission meeting in Marquette, recently, when it adopted a report of its Upper Peninsula sub-committee.

## CAPTIVES ARE BURIED ALIVE BY JAPANESE

six thrusts of a sword while the troops howled. The state department named names in relating that incident, 1st Lts. Kurita, Seto and Watanabe, all of the Japanese 26th air construction unit, were named along with Inoue, an aviator of coolie laborers, as a member of "wanton murder."

At a Philippines air base, 150 Americans were hurled into tunnels used as air raid shelters. Fifty Japanese guards then poured buckets of gasoline into the tunnels and set it afire with torches. As burning Americans fled from the tunnels they were machine-gunned and bayoneted.

Forty of them tried to escape by plunging from a 50-foot cliff. Some who survived the leap were shot; others were buried alive by the Japanese.

### Engineer Is Blamed In Santa Fe Wreck; Four Persons Dead

Arcadia, Calif., Sept. 5 (AP)—Failure of the engineer of the California Limited's lead locomotive to obey speed orders was blamed today by Santa Fe officials for a wreck that killed four persons and injured scores in a derailment last night near the Santa Anita race track.

The death list was expected to increase, since many persons were seriously hurt.

A Santa Fe spokesman said that Engineer W. L. Lyons, 58, of San Bernardino, Calif., was not observing the 15-miles-an-hour speed limit over track that was under repair.

### Grand Rapids Boys Are Found In Sewer

Grand Rapids, Sept. 5 (AP)—Two eight-year-old boys, who spent Tuesday exploring this city's storm sewers, Wednesday showed no ill effects from their venture.

Police and citizens, who organized a search for the boys, rescued them through a manhole.

Another boy set off the search for Charles White and Billy Yurkins, previously listed as missing, when he found a pair of shoes at a sewer opening. Police opened dozens of manholes before locating the pair.

The missing boys said they started out to hunt birds with air guns when they decided to make a survey of the sewers.

After the summer of 1949, it was said that the trails across the western deserts were easily followed, marked by discarded dry bones of animals, newly marked graves and other signs of the Gold Rush trails.

## News From Men In The Service

Great Lakes, Ill.—T. X. Quinn, 31, of 329 South 13th street, Escanaba, was graduated from recruit training on August 30, as honor man of his company at the U. S. Naval Training Center here and is now on leave.

Quinn was elected a candidate by fellow Bluejackets and selected as honor man by his company commander on the basis of military aptitude and progress.

T. X. Quinn

Prior to joining the Navy he was employed by the Chicago & North Western railroad in Escanaba.

He is spending his leave in Escanaba with his wife, Mrs. Jeanne S. Quinn, and children, Michael and Susie.

On the USS Molaia in Tokyo Bay—Robert W. Bradley, seaman second class, Route 1, Ensign, Mich., is serving on this seagoing tug, which is part of the powerful Pacific Fleet completing the first stages of the occupation of Japan.

Under the operational command of Admiral William F. Halsey, USN, the Molaia with 12 battleships, 17 aircraft carriers, six escort carriers, 20 cruisers and more than 290 other U. S. ships, is helping take over control of the Japs' big naval bases.

Camp McCoy, Wis.—Arrival of Pfc. Norman J. LaPalme of Escanaba, Mich., at Camp McCoy's personnel center for redeployment was announced here.

Pfc. LaPalme's service record follows. He was with 361st Inf. Headquarters Co. 91st Division in Italy. He won 3 battle stars, Bronze star and C. I. B.

He is the son of Joseph LaPalme of Escanaba.

### Increase Reported In Liquor Revenues

Lansing, Sept. 5 (AP)—A net income for the state treasury from the liquor traffic in the last fiscal year of \$29,267,631, an increase of approximately \$1,180,000 over the previous year, was reported today by the state liquor control commission.

In addition the commission collected \$2,474,643 for local governments, representing 85 per cent of the retail license fees, and since June 1, the effective date of the new 10 per cent liquor tax, has added another \$1,096,121 to the local treasuries.

Sales by the commission in the past fiscal year amounted to \$107,155,383 and the net profit was reported as \$17,971,812.

### HELD IN HOLLYWOOD

Hollywood, Calif., Sept. 5 (AP)—William W. Davidson, 32, broker and former prize fighter, was arrested in a hotel here today in connection with the investigations of the slaying of State Senator Warren G. Hooper in Michigan last January 11 and a night club robbery in Pontiac, Mich., last December 2. Capt. Eddie Chitwood of the Los Angeles police said Davidson was charged with robbery in the Pontiac holdup.

During the Gold Rush in 1849 people were so anxious to reach California that they not only paid \$1,000 for a ticket, but offered to work on the boat without pay.

loses the wanderlust

Jeb Wilkins was always a great one for traveling. Two weeks a year he used to cover more ground than a Pullman conductor. Used to come back from vacations tuckered out.

But the war has changed all that. Gasoline shortages—and saving space on trains for service men—has got Jeb spending his vacations home... and liking it!

"Never knew staying home could be such fun," says Jeb. "Outdoor barbecues... sitting around and chatting with the

kids and family... basking in the sunshine with a glass of cold beer... that's living," Jeb says.

From where I sit, Jeb's discovered what millions of other Americans have learned through the war. Whether your choice is beer or buttermilk... horse-shoes or checkers... a quiet book or a bit of friendly conversation... there's no place like home... where we grumble the most and get treated the best!

## MOTIONS HOLD UP START OF Mc KAY TRIAL

(Continued from Page One)

held," Gallagher said "this indicated there is no need for such haste here."

The prosecutor, jumping to his feet, broke in, asserting "that was when former Attorney General Herbert J. Rushton was prosecutor (Sigler succeeded Rushton) and Rushton happened to be one of your client's pals. That was a bum case Rushton staged."

Gallagher retorted that "if it was a bum case, you were derelict in your duty to keep your client under bond for a year," and Sigler replied, "don't be silly."

Arguing against granting the motion, Sigler told the court that "Frank McKay means no more to me than any other defendant. He forgets that long before the grand jury started, Frank McKay was in the public eye in Michigan, with the Blue Water bridge affair, the anti-McKay factions, and the federal grand jury in Detroit."

Spectators Doze (McKay and his co-defendants were acquitted of similar charges in 1942 in a federal court trial.)

The prosecutor, referring to the request for a 60-day postponement, asserted that "they say this is a rehash of the federal trial. If it is a rehash, it won't take the great Gallagher and Broadway star Gary long to get ready for it."

Only a handful of spectators sat in the hot courtroom, but lawyers' tables were crowded. Gary and Gallagher have their assistants, Milton Hauser and Daniel F. Covalen Jr., of New York, with them, and Fred R. Walker of Detroit is attorney for the other four defendants. Joseph W. Planck, Lansing attorney, also is seated with the defense.

In addition to Sigler, the prosecution staff includes Victor C. Anderson, Ingham county prosecutor; H. H. Warner and Thomas J. Bailey, assistants to the prosecutor.

Garey and Gallagher divided presentation of their arguments today—Garey reading in full a 60-page printed affidavit from McKay charging prejudice on the part of Judge Carr, Sigler, and the newspapers, and Gallagher arguing the motion.

As Garey read, heads nodded throughout the courtroom, and both McKay and McKelighan sat with their eyes closed for brief periods, apparently dozing.

### Surplus War Goods Come Up For Sale

Washington, Sept. 5 (AP)—The Commerce Department announced tonight that \$300,000,000 of surplus war goods ranging from bulldozers to photo film will be put up for sale within a week under a new fixed sale price basis.

William S. Bradley of Dallas, Texas, director of the Commerce Department Office of Surplus property, disclosing that the sealed bid basis for disposing of durable goods was being scrapped. Instead, fixed prices will be established in accordance with OPA ceiling for all items placed on sale by the department.

POLITICAL LID OFF Washington, Sept. 5 (AP)—First outward sign that the lid is off of politics.

The Republican party is coming out this week with a newspaper. The Democrats say they expect to have one too in about 90 days.

## Bob Feller Given Setback By Boston

Boston, Sept. 5 (AP)—After their Bob Feller suffered his first post-war setback by a 2-1 margin, the Cleveland Indians split a double-header with the Boston Red Sox today by capturing the nightcap, 5 to 2.

Feller held the Soxers to seven hits but they scored both of their runs in the second inning on triples by Johnny Lazor and Skeeter Newsome and Tommy McBride's double. The Indians also tallied in that frame on Don Ross's single and Frankie Hayes' two-bagger against Otis Clark, who was belted for nine other scattered hits.

The Indians clinched the afterpiece in the eighth inning after driving starter Randy Nefflin off under bond for a year," and Sigler replied, "don't be silly."

A walk, a single and Dutch Meyer's two-bagger provided two Cleveland runs in the second inning and Al Chocki provided the clincher by tripling with Ross on base. Two singles, Jeff Heath's double and a long fly gave the Indians two more tallies in the ninth.

## Home Run In 10th Wins For Dodgers

Pittsburgh, Sept. 5 (AP)—Goody Rosen's tenth inning home run with Pitcher Vic Lombardi aboard gave the Brooklyn Dodgers a 5-3 win over the Pittsburgh Pirates tonight.

The first pitch of the game into the glove of Pirate catcher Al Lopez broke Gabby Hartnett's 20-year league record of 1,793 games behind the plate.

A crowd of 19,504 fans observed "Honus Wagner Night" in honor of one of the game's greatest shortstops.

Brooklyn... 000 300 000 2-5 6 2  
Pittsburgh... 201 000 000 0-3 10 1  
Branch, Buker (3); Lombardi (8) and Peacock; Sewell, Cucurullo (5), Gables (9) and Lopez, W. Davis (9).

## Boxer Marty Servo Returning To Ring

Philadelphia, Sept. 5 (AP)—Welterweight Marty Servo, who lost a split decision to Ray "Sugar" Robinson three years ago, was discharged from the Coast Guard today.

The 25-year-old Servo regarded as one of boxing's outstanding welters, said he plans to resume his ring career, aiming for the crown now held by Fred "Red" Cochrane.

### FEWER BASS PLANTED

Lansing, Sept. 5 (AP)—A substantial decrease in the number of bass and bluegills to be planted in inland waters of Michigan this fall was announced today by the State Conservation Department because of limited production at the state fish hatcheries.

## Dorothy Farrell Of Escanaba Dies

Dorothy Farrell, 15, Escanaba high school sophomore, died at the home of her mother, Mrs. Thomas Farrell, 300 North 15th street, at 7:15 o'clock Wednesday morning after a brief illness. She was taken ill while attending school on the opening day.

Miss Farrell was born in Escanaba May 7, 1930. Besides her mother, she is survived by five sisters and four brothers, HA 2/c Eva Mae Farrell, U. S. Waves, Portsmouth, Va.; Mrs. Louis Bulard, Chicago; Betty Joyce and Marilyn, Escanaba; Pvt. Thomas Farrell, Fort Layton, Wash.; John, James and Robert, Escanaba.

The body was taken to the Deagon funeral home. Funeral arrangements are incomplete.

## Funeral Services For Former Local Resident In Iowa

Mr. and Mrs. Thomas Powers, Sr., of Escanaba, have returned from Clinton, Iowa, where they attended funeral services for Mrs. William Dolan, a former resident of Escanaba, and a sister of Mr. Powers.

Mrs. Dolan was born in Escanaba, June 6, 1874, the daughter of James and Mary Powers. She received her education in parochial schools here and at St. Clare college, Sinsinnawa, Mo., Wis.

She married William Dolan on May 26, 1896, and moved to Clinton with her husband in 1899. Besides her husband, she is survived by three sons, Jack, William and Edwin, all of Clinton; eight grandchildren, one great-grandchild; two sisters, Mrs. Elizabeth Loftus, Clinton; and Mrs. W. L. Higbie, St. Louis; and three brothers, James and Thomas Powers, Escanaba; and George, of Marinette.

Regium high mass was celebrated at St. Mary's church, Clinton, Thursday, August 30.

## 'NO MORE TROUBLE WITH CONSTIPATION!'

Says Long-Time Sufferer  
Who Tried  
KELLOGG'S ALL-BRAN

If you, too, are disappointed with pills and purgatives, be sure to read this unsolicited letter:

"For several years I was afflicted with common constipation. I tried various remedies, but got only temporary relief. Several months ago, I started eating KELLOGG'S ALL-BRAN each morning, drinking water freely through the day. I have since never had the slightest trouble with constipation. My gratitude to KELLOGG'S ALL-BRAN." Mr. H. M. Riley, 11 E. Division Street, Chicago, Ill.

Do you want to be free of harsh laxatives for the rest of your life? You may be, if your constipation is due to lack of bulk in the diet! Just eat a dish of KELLOGG'S ALL-BRAN and drink plenty of water every day! If not satisfied, send the empty carton to Kellogg's of Battle Creek. Double the money you paid for it will be paid to you.

ALL-BRAN is not a purgative. It is a delicious cereal made from the vital outer layers of wheat. It's one of nature's most effective sources of gentle-acting bulk, which helps support normal laxation!

Get ALL-BRAN at your grocer's today. ALL-BRAN is made by Kellogg's of Battle Creek and Omaha.

Bay sector of southern Kyushu Island.

## LUECKE TALKS TO KIWANIS

### Stresses Importance Of Human Relations In Industry

"Human Relations in Industry" was the subject of an interesting talk delivered by John Luecke of the U. S. Conciliation Service at the luncheon meeting of the Escanaba Kiwanis club at the Sherman hotel yesterday noon. The speaker was introduced by Alfred Brandt.

Mr. Luecke said that human relations became an important factor in industry after the Industrial Revolution when production of goods in England was transferred from the home to the factory. This revolution, he pointed out, was a result of the development of the steam engine and other machines. The speaker added that England developed a large foreign trade because it was a hundred years ahead of other nations in the development of factories, which displaced hand labor. Similarly, the United States must build up a great export trade if we are to become a prosperous and progressive nation.

"We have made rapid advances in transportation, mechanics and other fields, but we have lagged in social development," Luecke said. "There are good reasons, of course, for the slower development in human relations, since industry has been kept busy with its many other problems."

Discussing the functions of the U. S. Conciliation Service, Mr. Luecke said the agency "believes the only way we can make the country great is by all pulling together. The Service tries to get people to get together and talk over their grievances around the conference table. With this in mind, it recently launched a training program designed to educate labor and management in the field of human relations. To achieve industrial peace, both sides must learn to be reasonable and to think a problem through, Luecke said.

The speaker said the last thing labor should ask for is a compulsory arbitration law, for he predicted efforts to enforce it would cause no end of trouble.

"The only agreement that is lasting is one that is negotiated by the principals themselves," Luecke said.

In conclusion, the speaker urged the Kiwanis club and other civic organizations to interest themselves in industrial relations problems. He added that it might be well for organizations to appoint committees to get the facts concerning labor disputes so there would be a better public understanding of the issues involved.

Portland cement, made by an English stone mason, Joseph Aspdin, first appeared in 1824.

## Munising News

### Munising Resident Rides Plane At 91

Munising, Sept. 5—Robert G. Elliott 91, Munising resident got his second thrill of a lifetime when he stepped into a two-seater airplane piloted by his grandson, Lt. Robert A. Morrell, and took off for Iron Mountain. Lt. Morrell arrived here at noon Wednesday, circled over the town, and landed at the Alger County airport for a short while to visit relatives, mainly his grandfather.

Mr. Elliott at 91 still remains very active for a man of his age, drives his own car, does all his own household chores and on the coldest days of winter it is a common sight to see him walking around in his shirt sleeves, just as unconcerned as though it was a warm day in summer.

**MERCHANTS WIN TWO**  
Munising—The Munising City Merchants walloped the Gladstone All Stars in the first game of their doubleheader Labor Day 13 to 1 with Davis, Merchants' pitcher, allowing but four hits. The All Stars scored their only run on

successive walks. Batteries in the first game were Lake, Mc Intyre and Lundin for Gladstone and Davis and Dale for the Merchants.

In the second game Dornbecker, hurling for the locals, allowed Gladstone only one hit to shut out the All Stars 3 to 0. Golando, Cook and Dale did all the hitting in a three run fifth inning with triples to sew up the ball game.

### BRIEFS

Miss Gerd Huse, employed by the Navy department in Washington, D. C., is visiting her mother while on vacation.

Mrs. Donald Hurst and daughter Donna and Hilding Carlson returned Monday night from Appleton, Wis., where they visited for a few days with Mrs. Hurst's and Mr. Carlson's brother and sister-in-law, Mr. and Mrs. Arthur Carlson.

Mr. and Mrs. Baron left for Chicago Monday after spending two weeks here visiting relatives and friends.

Pvt. Harold Baij, son of Mr. and Mrs. G. C. Baij arrived home Tuesday evening to spend a 30 day furlough with his parents after having been on overseas duty in Europe.

Miss Mary Graves is a surgical patient in the Munising hospital.

Mr. and Mrs. Howard Berkel

## Garden

### Parties

Garden, Mich.—A committee of ladies of the St. John the Baptist parish including Mrs. Jerry Reno, Mrs. Grover Spaulding, Mrs. Louis Farley, Mrs. James Rivers, Mrs. Harry Greene, Mrs. Gordon McPhee, Mrs. Alpha Thibault, Mrs. John Cota, Mrs. Orill La Bute, and Mrs. John Jaque arranged a very successful party at the St. John hall Thursday night when a large group of local people attended as well as the following from out of town, Mrs. Robert Stellwagen of Detroit; Mrs. John

and daughters returned Tuesday to their home in Kohler, Wis., after spending a month here visiting their parents.

Army Point Devaluation

HUNDREDS of thousands of soldiers, most of them veterans of combat service, have just cause for jubilation with the war department's new appraisal of critical point scores for discharge and for domestic assignment.  
Under the new program, soldiers with 80 points or more, computed to Sept. 2, are eligible for immediate discharge. Soldiers 38 years old, regardless of their point score, also are eligible for discharge, as are soldiers 35 or over with at least two years of service.

In addition, all soldiers who have a point score of 45 or more, computed to May 12, the date when the original point system was established, are assured that they will not be sent abroad for occupation duty.

The new schedule does not guarantee that all soldiers who have served in combat will be exempt from further duty abroad, but it does protect those soldiers who have served overseas the longest.

In general, soldiers now overseas and who are not eligible for discharge nor exempt from occupation duty will be permitted to return to their homes for furloughs, on a rotation basis. At the end of their furloughs, they will go back to their overseas assignments.

The point system is designed to permit an orderly demobilization of the armed forces. It establishes a pattern of priority that provides first consideration for those with long service records, combat performance and dependents. It is a democratic approach to a difficult problem.

Would Be Good Move

THE Upper Peninsula Development Bureau is reported to be giving serious consideration to a suggestion that an engineer be engaged to conduct an economic survey and endeavor to bring new industries to this region.

We believe that much good could result from the employment of a competent person of this type if the Bureau is able to finance the program. An engineer, experienced in the field of industrial development, could go to work at once. It would be hardly necessary for him to devote much time on another survey for many economic studies already have been made in the Upper Peninsula.

With the war ended, many industries are looking for new locations. Quite a number of manufacturing firms are moving from industrial centers to smaller communities, where they will have more stable labor conditions and other advantages. Escanaba, Manistowic and a few other U. P. communities have been working on industrial expansion projects the last few years, and have been able to attract new industries. Doubtless, there are other communities in the Upper Peninsula that could provide industrial sites.

Agriculture and recreation promise to improve the economic status of the Upper Peninsula in the future years, but it is well that we also increase our efforts to attract diversified manufacturing industries to our various communities. A more prosperous Upper Peninsula will mean greater prosperity for all of us.

May Move State Fair

Governor KELLY has requested committees of the state administrative board to study proposals for moving the Michigan State Fair out of Detroit in view of the fact that the fairgrounds need extensive improvements.

Removal of the fair from industrial Detroit to some agricultural center has been often suggested in the past. The motor city has not been regarded as having the proper agricultural environment for the exposition. In fact, the county fairs at Ionia and Saginaw have been regarded by farmers as having more interest for them than the big show at Detroit.

County fairs in Wisconsin, Michigan and other states are attracting big crowds, with the lifting of travel restrictions since V-J day. The smaller expositions were not affected by the ODT order, which discouraged the holding of regional events.

Now that the war is over we can look forward to the revival of the Upper Peninsula State Fair in Escanaba. In the efforts to expand our agriculture in the future the fair can play an important role, and in order to realize a successful opening of this institution early planning will be necessary. There is much reorganization that must be done, and much time will be required to take care of all the details.

The Sugar Shortage

FRANK GERVASI, writing in Collier's magazine, discloses some startling information about the current sugar shortage, which has worried many housewives in recent weeks.

Gervasi charges that the OPA overruled 800,000 tons of sugar in 1944 in response to public demand for the product, but much of it found its way into the hands of moonshiners and wildcat candymakers. Another drain on the nation's sugar stockpile was the allocation of 80,000 tons to Franco's Spain to help pay for tungsten ore purchased from the Spaniards so the Nazis

wouldn't get it.

Perhaps it seemed necessary at the time to sweeten Dictator Franco so that he would not dispose of the valuable tungsten ore to Germany, but quite likely he continued to do business with Hitler as long as possible. We now realize that Spain never was much of a threat to our plans for the defeat of Germany.

Gervasi explains that contrary to some reports no sugar is being diverted to brewers and distillers. Chiseling consumers who made falsified statements for canning sugar got a good share of the excess sugar, some of whom sold it to the moonshiners for as much as \$25 a 100-pound sack.

Other Editorial Comments

ISAAC DEYOUNG'S DAM  
(Sault Ste. Marie News)

Since American civil engineers speak highly of Isaac DeYoung's plan for a movable and emergency dam, the idea is likely to receive consideration for possible use by U. S. Army Corps of Engineers in Sault Ste. Marie.

Mr. DeYoung, who in 1900 had a part in construction of the emergency dams at the locks, is known as a thorough-going, careful and experienced engineer. Any thoughts he might have on movable dams are therefore worthy of attention. These thoughts as expressed in a paper for the Proceedings of the American Society of Engineers, February 4, 1939, have since received close scrutiny and approbation from fellows of the Society.

A movable emergency dam is essential on such a vital structure as the Sault locks which constantly bear the full weight of Lake Superior. A collapse of the gates would produce a turbulence difficult to cope with. The movable dam is intended to cope with the turbulence in a minimum of time.

One engineer, Jay L. Southworth, civil engineer for the Federal Power Commission at Washington, says: "Inasmuch as the structure (Mr. DeYoung's plan) can be used at a great saving in ordinary gate and lock chamber maintenance, necessity seems to have been the 'prime mover' in its unique conception. This type of dam would supplant the elaborate and unwieldy emergency structure that have been in vogue at Sault Ste. Marie, Mich., and other places in the past."

Southworth speaks of the proposed DeYoung dam as "worthy of consideration both as a movable and emergency dam. As an emergency dam, it would afford a fast remedy in case of accident to the miter gates; as a movable dam, it would greatly reduce the cost of maintenance of the gates and lock chamber."

PENINSULA HOSPITAL  
(Sault Ste. Marie News)

Sault Ste. Marie is not too upset by its failure to obtain the hospital for veterans.

While it was recognized that this city had many indisputable advantages for such a facility, the fact remained that it was located in the extreme eastern portion of the Northern Peninsula, while the Veterans Administration wanted a central place.

The real tears are being shed in Gladstone and Marquette, Gladstone particularly because Gladstone pioneered in a move for a veterans' hospital in the Northern Peninsula. Gladstone probably deserved the hospital more than any other city, Marquette, too, put up a hard battle and at one time thought it had the site clinched.

Iron Mountain, farther away from the Sault than either Gladstone or Marquette—226 miles—is fairly central in the Northern Peninsula, and has the further advantage of being on the Wisconsin border, part of which is to be served by the hospital. Iron Mountain business men are to be congratulated for selling their case so convincingly to the Veterans Administration.

Whether politics was a factor remains a moot question. Sault Ste. Marie and Gladstone are both in Rep. Fred Bradley's district and Bradley is a Republican. Iron Mountain, on the other hand, is in the 12th Congressional district and Rep. Frank Hook is a Democrat. The Democrats are in power.

RELIEF VERSUS LENDING  
(Wall Street Journal)

Part of the thick confusion in which the matter of American foreign loans is being discussed results from an unconscious mingling of two ideas, that of the lending of recoverable capital and that of relieving war-caused distress. Somewhere between lies a third, rather loosely called rehabilitation. The very title of the United Nations Relief and Rehabilitation Administration illustrates the confusion in our thinking on international finance.

Advocates of American loans to the peoples of Europe and Asia, loans on such a scale that (we are told) only the government itself could make them, play up the distress needs of the would-be borrowers. The needs and the suffering that creates them are real; there is no room for doubt about that. But if it is distress that we wish to relieve we should be considering relief contributions, not loans. When we talk of "loans" we are talking about ultimate repayment, if words have meaning.

In the longer run it will be far better for all concerned if our people and our public officials distinguish sharply between what we give for relief and what we propose to invest in the economic recovery prospects of other peoples. If this means for us more relief giving and less of dubious lending, so be it.

Take My Word  
For It

Frank Colby

SURPRISE WORD OF THE WEEK

Overheard on a radio soap opera: "But women adore him—he is so gub-LAHNT." In Noah Webster's heyday (about a century and a half ago), the amorously chivalrous lady-killer was spoken of as being "gub-LAHNT," a curious pseudo-French pronunciation of a strictly English word. The English word gallant did have its origin in the French gallant, but the French

World Events Analyzed

BY MARQUIS CHILDS

Washington—Congress is coming back to a new world. Six weeks ago, House and Senate recessed for what the members hoped would be a restful vacation. In that interval, great black headlines marched across the press heralding changes so overwhelming that no man can see end end.

Childs

The first atomic bomb was dropped a month ago. That date of August 6 is the dividing line between the old world and the new.

In view of the gravity of the decisions to be taken, President Truman apparently felt he had to wait for Congress before acting on the future of atomic power. Anyhow, no action has been taken.

The United States is still the sole possessor of the secret of how the bomb was made. Each day that that is true increases by so much the mortal peril to the human race. Each day that goes by makes it more likely that atomic fission will become a matter of competition for future wars.

—COULD DESTROY ALL—

Scientists connected with the project have made it unmistakably clear that, with our present technical and industrial knowledge, a bomb of sufficient size could be constructed to destroy the atmosphere of the earth. In other words, one explosion would wipe out every man, woman and child living and breathing today. The bombs dropped on Hiroshima and Nagasaki were small.

Consider, for a moment, the reaction of our allies in his war to the bomb. Take Russia first.

The Russians were told at Potsdam that we had a powerful new weapon which we proposed to loose against Japan if the surrender ultimatum failed. We did not tell them what it was.

Two days after the bomb fell, the newspaper Pravda carried a small story on page three to the effect that the United States had used a new weapon against Japan which we said was an atomic bomb. That was all.

The use of the bomb, with all that it meant in concentrated research and technology, coincided more or less with another event. The Russians observed in June the jubile 220th anniversary of their academy of sciences. To celebrate this event, they invited leading scientists from all over the world.

It was an occasion of great national pride. Soviet Russia's very advanced science was displayed for British, French and American visitors. While some of those visitors were still in Russia, the atomic bomb fell on Hiroshima. It seemed to dwarf the Russian achievement. American physicists returning from Moscow say it will be a matter of only two to five years before Russia can also produce an atomic bomb, since they have the essential scientific background.

—ANOTHER SIGNIFICANT ITEM—

One other item is significant. The New York Times reported from Paris that an atomic expert discovered in Yugoslavia was flown by special plane to Moscow. And the rest, as Hamlet said, is silence.

In England, parliament met not long after the Hiroshima bomb to debate and ratify the United Nations charter. That debate was dominated by the atomic bomb, with a great many members suggesting that the new league had been blown sky high along with Hiroshima. The following question put by a labor member to the government gives the tone of the discussion:

"Are you aware of the statement that the United States proposes to retain exclusive possession of this secret; and do you realize that exclusive knowledge and exclusive use in the sole discretion of one power of overwhelming destructive force of this kind would make nonsense of the whole conception of collective security?"

Prime Minister Attlee announced the appointment of a committee of high government officials and distinguished scientists to advise the government on atomic power. As the London Daily Telegraph reported it, the committee "will deal with the international treatment of atomic power and its further development in this country, whether for industrial or military purposes."

The next move, if any, must come from us. The choice we faced on August 6 is the same choice. It is death and destruction, or life and world unity. But the odds lengthen each day against what Bert L. Taylor in the old Chicago Tribune always referred to as the so-called human race.

word (note the spelling with only one "t") is not pronounced "guh-LAHNT." In French, the first "a" is flat as in "Hal, Sal." The second syllable has the French nasal sound and the "t" is silent, thus: GA-LAH(N).

In modern usage the adjective gallant has two dissimilar meanings:

1. Courageous; noble in appearance or action, as a gallant commander; a gallant warrior. The pronunciation is: GAL-unt.  
2. Amorously attentive to women; chivalrous. Pronounced gub-LANT. Note that the "a" of the second syllable is flat as in "pant, rant."

The pronunciation "guh-LAHNT," which is neither French nor English, has long been obsolete, and is not shown in modern American dictionaries. As a matter of fact, the word in the No. 2 meaning is seldom used in these matter-of-fact and uninherited days.

The twentieth century miss would not use the archaic language of our soap opera. Instead of saying, "Women adore him—he is so gub-LAHNT," today's Miss America would more likely observe: "He makes 'em swoon—but, boy! he is a wolf!"

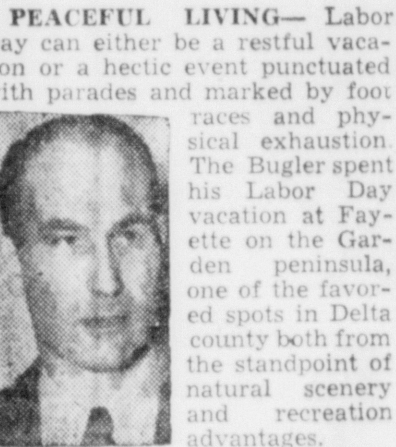

My new pamphlet, DEBUNKING THE BROAD A, explodes the theory that such pronunciations as "ahsk, ahfter, chahnce, dahnce, rather," are either the sign of culture or are preferred by the dictionaries. For a free copy of this important monograph, send a stamped, self-addressed envelope to Frank Colby, in care of this paper.

"We Kept the Faith, Buddy!"

Good Morning!

By The Bugler

Dunathan

PEACEFUL LIVING—Labor Day can either be a restful vacation or a hectic event punctuated with parades and marked by foot races and physical exhaustion.

The Bugler spent his Labor Day vacation at Fayette on the Garden peninsula, one of the favored spots in Delta county both from the standpoint of natural scenery and recreation advantages.

Life at Fayette must be a peaceful experience. There are no telephones, no railroads, no movies, no taverns, no sidewalks and no noise.

There is the close-curtled safety of Snail Shell harbor. There is the tree-rimmed limestone bluff, the ruins of the old iron smelter, a sandy beach nearby for those who like swimming, and there is a harbor filled with game fish—Great Northern pike, black and rock bass, perch and an occasional wall-eye.

MEETING FRED—And there is the Fayette post office, and there is Fred Van Remortel, the postmaster, "mayor" and one-man greeting committee for the Fayette Chamber of Commerce—if it had a Chamber of Commerce.

Fred has lived at Fayette for 29 of his 69 years. He will be 70 in February, but he looks 15 years younger than he is. He doesn't care about leaving there except to go back to Belgium sometime now that the war is over and visit his relatives there. When that voyage is past he wants to settle down at Fayette or nearby and spend the rest of his days.

THE SECOND TWENTY-FIVE—"When I came here 25 years ago I said I would like to live here for at least 25 years," Fred said.

He sat on an overturned fish box at the Fayette dock, puffing a cigar and letting his glance wander around the scene he knows so well.

"Well, I'm starting on the second 25—but I don't think I'll make it. Oh, my health is good, it isn't that. I guess there aren't many men my age who get around as well as I do—"

And he does get around as the folks in Garden can tell you. Mr. and Mrs. Van Remortel enjoy parties and other social affairs with an enthusiasm that belies their age.

OTHERS LIKE IT—Fred is not alone in his admiration for Fayette. Labor Day week end there were five visiting sail boats and yachts docked there—all with city folks aboard who sought a little of the peace and quiet Fayette is famous for.

Two of the boats were from Escanaba, one from Milwaukee, and two sailing cutters from a port the Bugler didn't learn. For they cleared early Sunday in a Great Northern pike. The harbor was so alive with minnows it was surprising the big fish struck at artificial lures at all.

Fred's belief that the postwar years will bring many more visitors to Fayette was recalled when we left Fayette for home. The wind was strong and sailing out

All passengers aboard the passengerliner Dixie, which is held on a reef following three harrowing days in a hurricane off the Florida keys, are saved. Others have been injured and killed in the keys as they lay in the path of the momentous storm.

Governor Fitzgerald has named the committees that will study the state liquor situation in an effort to draft an entirely new set of regulations.

Mrs. T. W. Gander won the women's championship at the Escanaba Golf club this week end, defeating Mrs. C. F. Glavin in the final matches. Mrs. John A. Lemmer has served as general chairman of the women's activities this year and Mrs. Jay Niver has been chairman of golf.

Mrs. Mabel Gamache and Mrs. John Halron returned Thursday morning from a buying trip in Chicago.

Mr. and Mrs. Edwin Brophy, who have been visiting here with Mrs. A. L. Laing, 1109 Seventh avenue south, returned home to Detroit Thursday.

Miss Mary Coonan of St. Paul, Minn., is the guest of Lucille Moll for two weeks at the latter's home.

Ninety-four candidates have reported for football practice at Escanaba high school, Coach Carl Nordberg reports. This is the largest turnout in the history of the school.

The city council decided last night to take any definite action against beer halls and other places of amusement which harbored dance nuisances, allegedly disturbing citizens. The police department has been instructed to curb all unnecessary noise.

20 Years Ago—1925  
Reginald Vanderbilt, prominent New Yorker, died yesterday. He is survived by a daughter, Kathleen, of his first marriage, and his wife and daughter, Gloria, of a second marriage.

Although the navy dirigible Shenadoah was wrecked, Secretary of the Navy Wilbur announced today that the Navy will continue work with lighter-than-air craft.

France and Australia are neck in neck for honors at the Davis cup tennis tournament which got under way at Forest Hills, N. Y., yesterday.

back straight. You can tell he's used to walking, even if he is rich."

And then Fred let loose on the subject closest to his heart—Fayette. He talked about it for a long time. You could tell that he liked to have people come there to picnic, to fish and walk the trails around the bluff and the point.

"Once there was a yachtsman asked me why I didn't put up a box of some kind, where men could drop in money for docking. He said they would be glad to pay something. But I never did do it and I won't now. They're welcome to come if they can put up with the old docks."

Now gas rationing is ended more people are going to go to Fayette by car and boat, Fred believes.

YEARS TO COME—While we talked men and women fished from the old docks, where men hooked fish with worms, and another fisherman pulled in a Great Northern pike. The harbor was so alive with minnows it was surprising the big fish struck at artificial lures at all.

Fred's belief that the postwar years will bring many more visitors to Fayette was recalled when we left Fayette for home. The wind was strong and sailing out

Q&A Service

By WS Bureau

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, a n d (IMPORTANT) MAIL THE LETTER and a 3-cent stamped, self-addressed envelope to THE ESCANABA DAILY PRESS SERVICE BUREAU, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone: write as directed.

G. I. SERVICE

Q. My husband recently was promoted to Tech. Sgt. My friends say that our family allowance will stop. Is that true?

A. As stated before in this column, as long as the man remains an enlisted man, and his dependents are otherwise eligible, the family allowance will not be discontinued because of his promotion. However, should the serviceman be promoted to Warrant Officer or a Commissioned Officer, the family allowance then would terminate.

Q. How many members of the Navy are expected to be available for immediate discharge?

A. The number is estimated to be 327,000.

Q. How fast will the Navy demobilize?

A. The Navy expects to release 1,500,000 to 2,500,000 in the next year or 18 months.

OF GENERAL INTEREST

Q. Are common-law marriages recognized in Michigan?

A. Yes.

Q. My mother receives a \$50 Class B allowance from my husband in service. This is insufficient for her upkeep in my home. As I contribute towards her support, may I claim an exemption for her on my income tax return?

A. Since your mother receives a family allowance of \$600 per year, she may not be claimed as a dependent by you. The test for "dependent" is that the individual does not receive an income in excess of \$500 and that the claimant contribute at least more than half towards the individual's support.

Q. Did Andrew Carnegie write his own epitaph?

A. It was said of Carnegie that he was not a practical steel maker, but had a genius for organization, and so he suggested as his own epitaph: "Here lies a man who knew how to enlist in his service better men than himself." His tombstone has the inscription: "Andrew Carnegie — Born Dunferline, Scotland, 25 November 1835 Died Lenox, Massachusetts, 11 August 1919."

OF INTEREST TO WOMEN

Q. In canning, how do I know whether or not the jar is completely sealed?

A. When the jar is cold after processing, remove the screw band on the two-piece lids and the band on the ball-type jar. Then lift the jar an inch from the table, clapping the lid only. If the seal is complete the lid will not come off and the canned food is ready for storage. With the zinc one-piece lid, carefully tilt the jar when cold, and note whether any liquid escapes from the ring. This will indicate an imperfect seal.

of the harbor was like being tossed back into the noise and fury of living. "Safe as God's pocket," sailors say of Fayette harbor. It is that, and peaceful, too.

—Clint Dunathan.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington—It escaped the attention of most newsmen, but President Truman was thrown off balance during his press conference on Pearl Harbor. The "newsmen" who nudged him was Mae Craig, correspondent for various New England papers and the only grandmother who served overseas as a war correspondent.

Pearson

Truman was trying to defend Cordell Hull for his part in the Pearl Harbor disaster when Mrs. Craig piped up: "Can you tell us, Mr. President, have the two privates who actually tipped off their commander to the approach of the Jap planes been rewarded?"

Mrs. Craig was referring to the enlisted men who were working at listening posts early Sunday morning Dec. 7, 1941, caught the sound of approaching Jap planes and notified the lieutenant in command, who told them they were dreaming.

Graciously, Truman told Mrs. Craig that the two men had been rewarded, one having been made a lieutenant, and the other a sergeant.

"Yes," shot back Mrs. Craig, "and the lieutenant who told them to forget it is now a lieutenant colonel."

Truman mumbled something under his breath to the effect that he didn't know that and turned to receive other questions. But White House assistants said that this reminder of brass hat favoritism inside the army nettled the President the rest of the morning.

—BRASS HAT FUMBLING—

Careful study of the entire Pearl Harbor report is something that ought to be made by every citizen interested in the protection of his country and the future efficiency of the army and navy.

Here are three conclusions which are inescapable from close reading of the Pearl Harbor documents:

1. The articles of war should be revised immediately and drastically. The articles provide plenty of penalties for the little G. I. Joe's and the navy's sea dogs who swipe a helmet, lose a rifle, or stay three hours over their leave, but the articles of war make no provision for penalizing officers who lose half the fleet and fail to protect our most important military outposts.

2. The Pearl Harbor revelations blast the myth that the brass hats can do no wrong. They point up to the post-war selecting of young, strong, democratic men, not Wall Street bankers or oldsters living on past reputations to head up the army and navy.

3. The Pearl Harbor disaster emphasizes once again the danger of secret diplomacy. President Truman blamed the American people in part for Pearl Harbor. But if the American people had been fully aware of the critical military and political situation between 1935 and 1941, things might have been different.

But when they saw the army, navy and state departments urging continued shipment of oil and scrap iron to Japan despite general editorial disapproval, it is understandable that part of the public was lulled to sleep. The state department told them little.

—CAPITAL CHAFF—

Secretary of State Jimmy Byrnes is being urged to appoint Barry Bingham, publisher of the Louisville Courier-Journal as assistant secretary of state in charge of public information, replacing Archibald MacLeish, who never should have been allowed to resign. Barry has been handling navy public relations in London, later for Admiral Nimitz in the Pacific. He could do an A-1 job. . . . Despite all the publicity given to airplane carriers, the navy is planning to scrap the Saratoga, Enterprise and Ranger, all big carriers. . . . however, the admirals still love their battlewagons, so the battleships Kentucky and Illinois, both less than half finished, will be completed. . . . The atomic bomb may make all navies obsolete in the future. If not, the usual naval formations will have to be broken up so that ships will be miles apart. Then an atomic bomb dropped on one ship can't effect the others. . . . In some respects, this will be a blessing. It should eliminate the shooting of other U. S. ships by U. S. gunners. This frequently happened during attacks by Jap suicide planes. When the Kamikazes came in low over the water, U. S. gunners got so excited trying to stop them that they hit other U. S. ships. . . . In addition to the collision between the battleships Washington and Indiana, the Iowa ran aground on a shoal and had her bottom torn out. There have been a lot of collisions at sea involving smaller ships. . . . the three U. S. destroyers which turned turtle and sank during the Philippine tornado last year were almost empty and therefore topheavy. They had been ordered to refuel at sea regardless of weather reports.

—MERRY-GO-ROUND—

Congressman George Bender, Liberal Ohio Republican, will urge the death penalty for anyone who imparts information concerning the atomic bomb to agents of any foreign government. Bender's Bill, ready for the first session of the house, will outlaw all future agreements and will nullify any agreement which might exist for the sharing of information about the bomb with an ally. . . . California's new Senator, Maj. James Knowland, is being greeted with protests from angry Californians against his being seated. Among other things they charge that Governor Earl Warren named young Knowland in order to repay a political debt to his father, reactionary publisher of the Oakland Tribune. . . . Capital newsmen say that White House Press Secretary Charlie Ross made his first big mistake when he permitted the release of 130,000 words on Pearl Harbor without giving them so much as an hour's advance time to study the voluminous documents.

Close to \$2000, believed hidden by a thief, was found in the laundry chute of a Kansas City home. It all came out in the wash.

## News From Men In The Service

Miami Beach, Fla.—Sgt. Clifford Bourgeois, 40, son of Mrs. Mary Bourgeois, of Ensign, Mich., has returned from service outside the continental United States and is now being processed through the Army Ground and Service Forces Redistribution Station in Miami Beach, where his next assignment will be determined.

Sgt. Bourgeois served 30 months as a tank commander in the European theater of operations.

While there he was awarded the European campaign ribbon with two battle stars.

Aboard the USS Missouri in Tokyo Bay—William Joseph St. Jacques, S 1/c USNR, 324 South 8th street, Escanaba, Mich., is playing a role in a momentous event of American history. Serving on this mighty battleship, he was present when the Japanese envoys came aboard to sign the final surrender document. General of the Army Douglas MacArthur, Supreme Allied Commander; Fleet Admiral Chester W. Nimitz, commander-in-chief of the Pacific Fleet, who signed the document for the United States; and other famous American military and naval chiefs were present.

The 45,000-ton Missouri, named for the home state of President Truman is one of the most powerful warships ever built. It is now the flagship of Admiral William F. Halsey, Commander of the Third Fleet.

Camp McCoy, Wis.—(Special)—Arrival of Pfc Paul Norkaski of R. No. 1, Box 33 at Camp McCoy's personnel center for redeployment was announced here. He served with the 37th MPEG Co. in the battles of Africa, Sicilian and Italy. He is the son of Mr. and Mrs. John Norkaski, Rock, Mich.

Friends of First Lt. Jon Eastwood Andrews will be glad to know that he has recovered from injuries received in France in September, 1944, and has been reassigned to duty. He is now stationed at the Watervliet Arsenal, Watervliet, N. Y.

Camp McCoy, Wis.—(Special)—Arrival of Pfc. Irving C. Hoyle of Escanaba, Mich., at Camp McCoy's personnel center for redeployment was announced here. Pfc. Hoyle's service record follows: He served with 280 Engr. Combat Bn. in E. T. O.

Miami, Fla.—Flown here from overseas as part of the "Green Project" which calls for the Air Transport Command's Caribbean Division to fly 30,000 returnees from Europe to Miami Army Air Field each month, another Wells, Mich., man is back in the states. He is T-4 Alfred J. Mein, who served in Germany.

In less than 24 hours they left for Camp Blanding, Fla., by rail. From there they will go to a reception center nearer home for separation from the service or further prior to reassignment.

In the Western Pacific—John Joseph Lacombe, torpedoman, second class, USNR, 329 South 10th street, Escanaba, Mich., is serving aboard the USS THE SULLIVANS, which carries more than the legend of the five Sullivan brothers. On her stack is painted the only green shamrock in the United States Fleet.

The battle record carried by USS THE SULLIVANS includes six major engagements—at the Marshalls, New Guinea, the Marianas, the Philippines, Iwo Jima and Okinawa—eight Jap planes shot down and the rescue of 347

**JUNGLE AIR FORCE MEMBERS** — Here are some men you haven't seen for a long time. They've been in the jungles of the Pacific serving with the 13th AAF Bomber Command of the veteran "Jungle Air Force" who have battled the Japs from Guadalcanal to China.

Reading from left to right they are: Front Row: Sergeant Alfred C. Bassett, 5167 Rohms Ave., Detroit. Technician Fourth Grade Jack D. Gadd, 1904 West Michigan Ave., Saginaw. Technician Fourth Grade Robert V. Cole, 331 East Church St., Adrian.

Back Row: First Lieutenant J. M. Erickson, 1804 2nd Avenue North, Escanaba. Private First Class Walter G. Browne, 59 Greenwood Ave., Battle Creek. Sergeant Charles S. Lutren, 1200-11th St., Bay City. Private First Class Stuart W. Snyder, 519 Lake Shore Drive, Mt. Clemens.

officers and men. The famous Sullivan brothers, for whom the ship was named, were George, Francis, Joseph, Madison and Albert, of Waterloo, Iowa. They were killed while serving on the cruiser, USS JUNEAU, in the Guadalcanal campaign.

The ship they once called the luckiest battlegoon in the fleet, the U. S. S. Pennsylvania, greeted the dawn of peace with her stern low in the water and her crew fighting to keep her afloat.

Aboard the Pennsylvania, now being repaired, are MM 2/c Robert Vannberg, son of Mr. and Mrs. Oscar Vannberg, 506 South 17th street, Escanaba, and Don Helman of Gladstone.

The Pennsylvania's luck had run out suddenly and tragically two

nights previously when a lone Jap plane pressed home an attack which opened a gaping death stern hole in her side. So as the voice of her skipper, Captain W. W. Moses, U.S.N., told the Penn's crew of Japan's surrender there was no wild jubilation, no noisy rejoicing such as occurred on many other ships. There instead was a quiet feeling of joyful relief tempered with sorrow for those shipmates who had given their lives when peace was so nearly won.

There was reverence, too, as tired men at pumps and guns and in water soaked compartments bowed their heads in a moment of silent prayer for those who had lost their lives in this war; then turned doggedly again to the task of repairing the ship which had

carried them safely through nearly four years of Pacific war.

From the beginning the Pennsylvania had been considered a lucky ship. She was in drydock at Pearl Harbor on Dec. 7, 1941, and received only two minor bomb hits while her sister battleships all about her were heavily damaged. After being regunned she steamed back into the war and played a vital role in 13 Pacific amphibious operations. From the fog-shrouded waters of Attu to the dead leaden gulfs of Leyte and Lingayen in the Philippines the guns of the big "P" rained death and destruction

on the Japs. She fought off Kamikaze attacks by the score, but on the night of August 12 a Jap torpedo plane inflicted the first major damage the ship had suffered since Pearl Harbor.

Writing to his parents, Vannberg said:

"About the only thing I remember is that when it did hit it felt like someone picked the ship out of water and then set it down again, or rather I should say dropped it. It seemed as if it bounced about three times and then it started to settle. I was below the water line when it hit

and not too far from where it went off. I would have liked to have gone on that final ride to Tokyo but it really doesn't make much difference."

On the USS Shangri-la in Tokyo Bay—Robert Paul Morin, aviation machinist's mate, first class, 2310 Ludington street, Escanaba, is serving on this aircraft carrier which is part of the powerful Pacific Fleet completing the first stages of the occupation of Japan. Under the operational control of Admiral William F. Halsey, USN, the Shangri-la with 16 other carriers, six escort carriers, 12 battle-

ships, 20 cruisers and more than 290 other U. S. ships, is helping take over control of the Japs' big naval bases.

The Shangri-la had a prominent role in the air strikes against the Jap homeland just prior to the surrender.

Douglas airlines, serving the mid-west, now link up with clippers of the Pan American World Airways at New Orleans to supply direct service between cities of the Mississippi Valley and South America.

## PILOT UNHURT IN FORCED LANDING

Wesley Johnson Of Iron River Damages Plane Near Escanaba

Wesley Johnson, holder of a student flying permit, escaped injury but damaged his plane extensively here yesterday afternoon when the plane ran out of gasoline on a flight from Detroit to Iron River and landed in the area northwest of Escanaba which has been proposed as a new airport site.

The young man is a resident of Iron River and was on his way there when the accident occurred.

The plane is a Porterfield, small tandem training plane, which must be dismantled and brought to Escanaba because it cannot be flown from the place it landed, even though it was undamaged.

Gliding toward Escanaba airport when the motor began to sputter, Johnson attempted a landing at the northern sand strip in the government-owned one acre dock area near the Danforth road. The accident happened about 2:30 o'clock yesterday afternoon.

## New Books Added To Local Library

The Carnegie Public Library added the following books during the latter part of August:

**Fiction**

Koch-Weser: Hitler and Beyond  
Hatcher: Lake Erie  
Willson: Saints and Strangers  
Raymond: Coins of the World

20 North Delta

Children Are Out

In School Strike

About twenty children, members of nine families in the northern part of the North Delta district in Masonville township, did not go to school when the Rapid River school bus called for them on Tuesday and Wednesday.

Parents of the North Delta community are keeping their children out of school because they want them to go to Trenary, six miles away, instead of Rapid River, which is roughly estimated as being 20 miles distant. Another reason advanced is that they want their children to have the advantages of the Smith-Hughes, home economics and hot lunch programs that are offered in the Trenary school.

The families recently sent a petition to the state department of public instruction, requesting that arrangements be made to permit the North Delta children to transfer from the Rapid River to the Trenary school.

## Youngsters Enjoy Royce Park Outing

Youngsters at Royce Park staged their "Neighborhood Night" Tuesday evening, Sept. 4, before a sizeable audience.

Opening the program was a folk dance done by Ellen Hakala, Lois Peterson, Merle Wellman, Vivian Olson, Patsy Saul, Jounce Olson, Shirley Wellman, and Darlene Wilson dressed in formal. Music for the dance, "Red River Valley," was played by Grace Oliver with her violin and calling was done by Ruth Oliver and the Royce Park Director.

Robert Richards, Harold Cloutier, Stanley Sarasin, Jimmy Sarasin, and Shirley Sarasin staged a comic skit.

Dick Olson won first prize for his patriotic theme in the bicycle parade while Jerry Olson was

awarded second and Lloyd Olson received third prize.

A trio composed of Stanley Sarasin, Shirley Wellman, and Shirley Sarasin sang several vocal selections. The program closed with a group of youngsters singing "Good Night Ladies."

## Obituary

**MRS. H. O. BROTHERTON**

Funeral services for Mrs. H. O. Brotherton, who died suddenly on Tuesday morning, will be held at nine o'clock on Friday morning at St. Patrick's church. Following a requiem high mass burial will be in St. Joseph's cemetery.

The body will be in state at the Boyce funeral home beginning this morning at nine o'clock.

The ladies of St. Patrick's Guild will meet at the funeral home at 2:30 o'clock this afternoon to recite the rosary. At four o'clock this afternoon the Daughters of Isabella will meet at the funeral home to recite the rosary.

**AARON J. BERGSTROM**

Funeral services for Aaron J. Bergstrom, 92, aged Bark River resident, will be held at the Boyle undertaking parlors at 1:30 o'clock this afternoon and at the Salem Lutheran church, Bark River, at 2 o'clock. Rev. Emory R. Pokrant will officiate. Burial will be in the family lot in Bark River cemetery.

**MRS. OSCAR EHLEN**

Funeral services for Mrs. Oscar Ehlen, 73, Ensign, were held at the family home at 1:30 o'clock yesterday afternoon and at the Swedish Lutheran church in Ensign at 2 o'clock, with Rev. Nestander of Manistiquette officiating. During the service, Mrs. Scott Creighton and Miss Elaine Nestander sang "In the Garden" and "Tryggare kan ingen vara." Burial was in the Ensign cemetery. Pallbearers were Carl Freytag, Carl Sundin, Arthur and Elmer Lake, Oscar Sundling, Sr., and Oscar Sundling, Jr.

**City Council Will Meet Here Tonight**

The Escanaba city council will meet at 8 o'clock tonight in city hall, with Mayor Sam Wickman presiding. Business scheduled to come before the council for consideration includes:

Consideration of increase of rent at Red Cross headquarters. Extension of deadline for payment of city taxes.

Sale of a piece of acreage south of Conservation Department headquarters.

Try a For Rent Ad today.

## Mrs. Loveland's Mother Taken By Death At Ishpeming

Ishpeming, Sept. 3.—Mrs. Anna G. Aas, 79, widow of the late O. G. Aas, former Ishpeming banker, died Friday, Aug. 31. She was born July 25, 1866, in Trondhjem, Norway, and lived in Ishpeming more than 50 years. She and her husband celebrated their fifty-fifth wedding anniversary four years ago, just prior to his death. Since his death Mrs. Aas had lived with her daughters, Mrs. Bradford Loveland, Escanaba, and Mrs. William Irish, Newberry. She leaves her daughters and two sons, Arthur, Iron Mountain, and Reynold, Paw Paw, Mich. There are 15 grandchildren and five great-grandchildren.

Funeral services were held Sunday in Bjork's funeral home with the Rev. P. E. Bongsto, pastor of Trinity Lutheran church, officiating. Interment was made in the Ishpeming cemetery. Pallbearers were Karl Rosberg, Peter Handberg, John Trosvig, Leonard Flaa, James Flaa and John Fandrem. During the services John Fandrem sang two solos, accompanied by Miss Marie Evjen.

Out-of-town relatives and friends attending the funeral were Mr. and Mrs. T. C. Sorenson, Detroit; Mr. and Mrs. Drexel Marsh, Ironwood; Mr. and Mrs. Leonard Yelle, Sault; Mr. and Mrs. Ed Rankin and son, Clyde, and the latter's son, James, Marquette; Miss Anne Aas, Paw Paw; Miss Elizabeth Aas and Arthur Aas, Jr., Iron Mountain; Miss Donna Irish and William Irish, Jr., Newberry; Albert Aas, Munising, and Miss Anna Mae Loveland, Escanaba.

## Locks Still Closed To Visiting Public

The famous locks at Sault Ste. Marie are not open for public inspection, as was reported erroneously several days ago.

Tourists returning from the

Sault state the locks are still barricaded with high wire fences, and no one is permitted to obtain a close view of the shipping facilities.

## 4 JAILED FOR KILLING DEER

### Escanabans Draw Heavy Penalty In Marquette Justice Court

Four Escanaba men pleaded guilty Tuesday afternoon in Justice Court to a charge of unlawfully killing deer and having it in their possession in closed season and were sentenced to serve 30 days in jail at Marquette and pay a \$100 fine. If they fail to pay the fine they will serve an additional 60 days.

The men are: Herman Shea, 1511 Sixteenth avenue north; Gus Almonroeder, 219 North Thirtieth street; Joseph Eugene, 1602 North Eighteenth street; and Robert Smithwick, 1531 Sheridan Road.

They were arrested at 1:50 a. m. Monday, Sept. 3, in Wells township near Kates by Ernest Libby, assistant supervisor of the Marquette district; Frank Farquar, fire warden at Gwinn, and George Kohlminen, clerk of the Marquette office of the Michigan department of conservation. The conservation officers were assisted in the search and arrest by state police of Marquette.

Libby reported that the officers were on a general patrol when they saw a car drive out of a side road, with its lights on and additional lights flashing from the rear windows of Smithwick's car. Two deer were found in the trunk of the car, and a battery with two hand headlights connected, a 300 caliber Savage rifle with telescope were confiscated by the officers.

The deer were turned over to the Marquette county infirmary, and the car will be returned to Smithwick at the end of his term in jail.

### Dickinson Assumes Highway Contract

Highway Commissioner Charles M. Ziegler today announced the State Highway Department and Dickinson County Road Commission have signed a contract under which the Dickinson Com-

**DOUBLY HONORED**—Lt. Nick M. Paquet, son of Mr. and Mrs. Paul Paquet, 1026 Sheridan Road, was doubly honored recently. He was promoted from second lieutenant to first lieutenant in the Army Air Forces and also received a commendation.

The commendation follows: "The commanding general desires to commend you for the excellent work as transport pilot for the period 1 April through 30 June 1945. During the period you flew 411 hours, most of which was enroute to and from the Philippines, without a single accident. Your work as a transport pilot, together with that of the other pilots of this organization, enabled this command to transport vital and much-needed supplies and equipment to the command units in the forward areas and established one of the best, if not the best, records for the operation of transport aircraft that has ever been established in this or any other theater."

Lt. Paquet is now in Okinawa, and expects to be in Tokyo shortly.

mission will maintain state trunk-line highways in that county effective September 20, 1945. Dickinson is the 61st county in the state to assume such a contract and the 29th since Commissioner Ziegler assumed office.

## Grand Marais

Mrs. Louise Gresser and son, Lynn, have returned to Chicago following a two weeks vacation at the Music Makers cottage on Coast Guard Point.

Mr. and Mrs. William Givens and son who have been visiting at the Joseph Pokropovitch home, have returned to Elira, Ohio.

Mr. and Mrs. Charles Kahle who spent the summer at their cabin on East Bay have returned to Milwaukee, Wis.

Mr. and Mrs. Brandenberry and sons returned to Toledo, Ohio, Monday, after spending the summer at their cabin on East Bay.

Sgt. Theodore Nantell and his parents, Mr. and Mrs. W. B. Nantell of Newberry spent several days visiting the Nantell's daughter and son-in-law, Mr. and Mrs. Russell Mulligan.

Mrs. E. Pugh has returned from Marquette where she spent several days with her son, Jack, who is a patient at Children's Clinic, St. Luke's hospital.

Miss Elsie Lambert of Houghton is visiting her brother and sister-in-law, Mr. and Mrs. Clyde Lambert.

Pvt. Lloyd Martin who has been visiting his mother, Mrs. Leo Doucette and grandparents, Mr. and Mrs. James Buckland, has returned to Santa Fe, New Mexico.

Mr. and Mrs. A. Kropp and family are spending the week with relatives in Newberry.

Misses Mary Ann Wood and Beatrice Mulligan left Monday for Grand Rapids where they are students at Marywood Academy.

### Rot-Proof Cotton Fabric Developed

New Orleans—A modified cotton cloth, that failed to rot during six months buried under soil where ordinary cotton would rot in a week, has been developed here in the Southern Regional Research Laboratory of the U. S. Department of Agriculture. It is a partially acetylated cotton, which is somewhat related to rayon made by the acetate process.

The new material has the strength and appearance of ordinary cotton, but it has the ability to resist the attack of rot-producing microorganisms and to resist mildew. In contrast with many preservative finishes on cotton, the treatment does not produce discoloration. The treated fabric is odorless and is not sticky. It can be used in food sacks because the fabric is not poisonous.

Eggs keep fresher if they are stored with the smaller ends down.

For Tea at its Best

## "SALADA" TEA

In Packages and Tea Bags at Your Grocer's

From Bustles...

TO BOBBED HAIR...

To Bobby Sox

Big things have happened in women's fashions since 1904... and since 1918. Yes, and the big changes have taken place in the telephone system since bustles were "the rage."

\* In 1904, Michigan Bell had only 65,000 telephones. Total cost of buildings, equipment, wires, telephones, etc., was only 10 million investment dollars.

\* By 1918 there were 260,000 telephones; the cost had risen to 38 million dollars.

\* Beginning in 1945 there were 1,122,000 Michigan Bell telephones, and the cost stood at 242 million investment dollars.

You see, to add more telephones, and continually improve service, we must invest more money for central offices and switchboards, more for wire and cable—more for everything it takes to provide service.

Right now, 125,000 families want service that we can't supply. We already have started work on a 5-year \$120,000,000 program to enable us to fill waiting orders... to care for future growth... to resume extension of rural service... to put into use new technical improvements... and to give you the service you want in the future.

Rates charged for telephone service do not supply sufficient money for expansion. Such investment dollars must come from the savings of thrifty Americans willing to buy Bell System securities. And—in order to attract

their money—earnings must be sufficient to assure reasonable dividends, now and in the future. If not, those folks will place their money elsewhere.

The future quality of your telephone service depends on telephone rates sufficient to produce earnings attractive to investors. Too long a continuation of inadequate earnings would weaken our ability to meet expected post-war telephone needs.

Michigan Bell customers want good service. The telephone bill is so small an item in their regular expenditures that customers want really good service even though it might cost a trifle more than they would need to pay for inferior service.

OUR \$110,000,000 POST-WAR PROGRAM WILL MEAN JOBS FOR THOUSANDS

## BETTER POSTAL SERVICE DUE?

## Last Minute Order Of Mail Official Causes Speculation Here

Action by the post office department, receding an order that would have restored mail service with the resumption of operation of Soo Line trains 86 and 87, is cause of much speculation in Manistique.

Postmaster Frank Gierke states that he is being bombarded with questions by people wanting to know if the postal department's failure to improve mail delivery service means that we may expect an extension of star route service. If air mail service on a new scale is to come to pass or if the department is merely satisfied with things as they are.

To these questions the postmaster has but one answer. "You know as much about it as I do," he says.

Some time ago the post office department had given out the order that when trains 86 and 87 resumed their runs, the mail service which was discontinued last March, was to be resumed. On August 29, however, a communication receding this order was given out by E. E. Appar, chief clerk of the U. S. postal service, stationed at Duluth, Minn. No reason for this action was given in the communication.

According to Postmaster Gierke, the star route service from Manistique to Shingletown—inaugurated after the Soo train service stopped—has been very satisfactory. Local mail from Lower Michigan has been routed via the Duluth, South Shore and Atlantic, put off at Shingletown and brought here by star route. Mail service between here and Escanaba, however, has been quite another story. Mail posted one day in Manistique cannot be delivered in Escanaba or points between until the day following because the Soo train which carries the mail leaves Manistique at 7:10 in the evening. The same is true of mail arriving here. This applies even to special delivery service.

It has not been announced as yet whether the Chamber of Commerce or other civic organizations here will move to secure improved mail service.

## City Briefs

Mr. and Mrs. Robert Fisher of Detroit have returned to their home after visiting here for several days at the home of Mr. and Mrs. Carl Lind, N. First street.

Mr. and Mrs. H. B. Clark of Alma and Mrs. Levi K. Clark of Saginaw have returned to their homes after visiting here for a few days at the home of Mr. and Mrs. D. M. Creeger.

Both boys have served 3 years overseas.

Mr. and Mrs. Russell Ballor of Lansing have returned to their home after spending the week end here visiting at the home of Mr. and Mrs. Ivan Slough. They were accompanied by Mr. and Mrs. Adolph Ballor will visit there for a week.

Mrs. Norman Oliver has returned to her home in Detroit after spending a few days here visiting with her mother, Mrs. Josephine LaVigne and other relatives.

Henry Mattson and two daughters, Lt. Betty Ann of the U. S. Army Nurses Corps, and Wanda of Flint, spent the week end here at the home of Mrs. Josephine LaVigne and other relatives. Joseph Heimer is spending several days in St. Joseph, called by the serious illness of his father.

## SGT. W. NELSON WINS CITATION

## Given Recognition For Outstanding Courage And Leadership

Sgt. Walter T. Nelson, home on a week's leave from the Gardner General Hospital at Chicago, Ill., has many mementos of the war just ended. Among these are a scar left by a German bullet that cost him an eye and nearly cost him his life.

Among the government recognitions accorded him are five battle stars, a purple heart medal, a certificate of merit and a good conduct medal.

"They're nice," says Sgt. Walter "but its dad (Andrew Nelson) and not me whose really proud of them."

And Tuesday of this week the father had added reason to feel proud and happy for there came in the mail for Sgt. Walter notice of the pending award of a bronze star medal and with it the following citation:

"Sgt. Walter T. Nelson (Army Serial Number 36195274), Armored, Company "D" 68th Tank Battalion, United States Army. For heroic service in connection with military operations in France, Belgium, Luxembourg, and Germany during the period 29 August 1944 to 7 April 1945. As Tank commander, he demonstrated outstanding courage, leadership, devotion to duty and coolness under enemy fire. Entered the military service from Michigan."

## Social

**Troyer-Goodrich**  
Of local interest here is the recent marriage of Miss Thelma Troyer of Milwaukee, former resident of this city, and Lester Goodrich. The wedding took place August 25 in Denver, Colorado.

Mrs. Goodrich is a graduate of Manistique high school and has been employed in Milwaukee for some time in the Perfix plant there.

## Rapid River

The Rapid River Lions club will meet this afternoon at Lindahl's cottage on the Rapid River, near Maplewood. The ladies are in charge of the dinner and the program. The meeting was originally scheduled to be held at the Casimir residence but later was changed to the Lindahl cottage.

If the ears of a two or three day old Karakul lamb are long, chances are the fur will be of higher quality and the curls tighter than if the ears are short.

## ENROLLMENT IN SCHOOLS IS UP

## Early Figures Reveal Nineteen Increase Over 1944

Enrollment in the Gladstone public school system the first few days of the school year is somewhat higher than for a similar period a year ago, figures obtained from the office of Supt. Wallace C. Cameron disclose.

Total attendance in the grade and high school yesterday was recorded at 853 or 19 more than the 834 total for the first week last year.

A perusal of the figures by grade reveals that there is an increase in the number of high school students and a decrease in the number of primary pupils.

For the first time in several years there are post graduate students, four already having enrolled for further study.

The enrollment by grades:

Grade	1944	1945
First	67	60
Second	78	83
Third	50	45
Fourth	46	53
Fifth	42	56
Sixth	47	47
Seventh	50	56
Eighth	61	55
Ninth	93	100
Tenth	79	90
Eleventh	69	68
Twelfth	53	62
Totals	834	853

## LIONS HAVING CHARTER NIGHT

## Gladstone Club Eight Years Old; Ladies To Attend

The Gladstone Lions club will celebrate the 8th anniversary of its founding with a Charter Night program this evening at the Yacht club.

Dinner will be at 6:45 o'clock. G. T. Murphy, governor of District 10 of Lions International, will be the speaker of the evening. Gene Gorey, Munising, talented violinist and comedian who made such a hit at the Lions roundup this summer, will also be on hand.

Dancing to the music of Leo and His Band will follow.

The program was arranged by Walter VanDeWeghe and Fritz Esler.

## Oldtimers To Play Teensters Sunday

In order to swell the fund which has been started to obtain a lighted ball field, the Oldtimers are playing the Teensters here next Sunday.

Dib Bovin, who broached the idea for the game, requests all old-time baseball players to turn out at the park diamond tonight and Friday night to practice.

Teensters will also report for practice the two evenings.

During the game a collection will be taken up and the money placed in the lighted field fund.

## Missionary Speaks At Mission Church

Miss Martha Anderson, missionary recently returned from China, will be the speaker at a meeting of the Ladies' Aid society at the Mission Covenant church at 2:30 o'clock this afternoon.

Miss Anderson was in Shanghai, China, when the city was bombed by Japs and later was taken prisoner and held for a time by the Japanese.

Mrs. Harold Nelson is hostess at the meeting which is to be held in the church parlors.

## ALL-STARS WIN CITY TOURNEY

## Defeat Buckeye Kids, 3-2 In 11-Frame Hurling Battle

In an 11-inning battle that proved one of the most exciting games of the season, the Buckeye All-Stars defeated the Buckeye Kids, 3-2, for the city championship last Sunday.

It was a hurlers' battle all the way between Rivers and Johnson, Rivers allowing six hits while Johnson was touched for seven. The score was tied at 1-all at the end of regular play and later in the fray was tied at 2-all.

The All-Stars are formed by men who work the night shift at the Veneer plant.

In other tourney games the All-Stars defeated the Marble Arms, the Buckeye Local eliminated the Lions, the Buckeye Kids in the next two games knocked out the Yacht club and the Buckeye Locals and the All-Stars nosed Stonington.

Dib Bovin handled all the tournament games as arbiter in able manner.

# Annual Escanaba Softball Tournament Will Open Tonight

## WHITE BIRCH TO PLAY LARMAYS

Second Game To Feature Peoples Hotel And St. Ann C.Y.O.

The annual city softball tournament will open tonight at the lighted field at 7:30 p. m. White Birch, the defending champions, will play Larmays in the first contest. The second game will be between Peoples Hotel and St. Ann C.Y.O.

Fife Smith or Leo Lancour will be on the hill for the Flat Rock team with Ray Hardy or Harry Lancour catching. The battery for Larmays will be Tommy Brayak and Ken Olson.

Larmays are the Class B champs of the Upper Peninsula for 1945 while White Birch was the winner of Class B and the city champion last year. Both teams went to the finals in the U. P. tournament at Menominee with the Ford River boys emerging victorious.

Peoples Hotel meets St. Ann C.Y.O. in the second contest at 8:30 p. m. Either Jug Peterson or Chuck Weber will hurl for Peoples and Walter Nelson will catch.

The probable battery for St. Ann's will be Paul Larson and Micky Kuchenberg. Larson held Peoples to three hits and struck out twelve while pitching for the servicemen last Tuesday night. It will be interesting to see if he goes good against the Hotel team tonight.

The games Friday night will start at 8 and 9 o'clock. Dagenais plays the Birds Eye in the first game at 8:00 p. m. The final contest will be between the Silver Front and the Ford V-8's.

### BADGERS WORK OUT

Madison, Wis., Sept. 5 (AP)—Despite the heat, Coach Harry Stuhldreher sent his University of Wisconsin football hopefuls through a lengthy scrimmage session today with some newcomers showing offensive promise.

## Reds And Phillies Play Fifty-Fifty

Cincinnati, Sept. 5 (AP)—The Cincinnati Reds and Philadelphia Phillies took turns rubbing each other's noses in the dirt at Crosley Field tonight, the Reds winning the twilight half of a double bill 1-0, and the Phillies taking the second game 8-6. In each game the losing team outthit the winner.

In the first game two Philadelphia runners were cut down at the plate and another was trapped off third in the second and third innings to nullify scoring threats. Cincinnati's score came in the second when Frank McCormick doubled and scored when Hank Sauer singled.

Runs came in pairs for Philadelphia in the second game with Andy Seminick topping his team's offensive with a two-run homer in the sixth. McCormick was ejected from the game in the fourth by Umpire Larry Goetz following an argument at third base.

**First Game**  
Philadelphia 000 000 000—0 9 0  
Cincinnati . . . 010 000 00x—1 3 0  
Mauney and Seminick; Modak and Lakeman.

**Second Game**  
Philadelphia 200 020 200—8 11 1  
Cincinnati . . . 011 020 101—6 15 2  
Schanz, Karl (8), and Seminick; Harritt, Fox (8), Lisenbee (9) and Lakeman.

## State High School Athletic Director Winds Up Navy Job

Lansing, Sept. 5 (AP)—Cmdr. Charles E. Forsythe will return as director of athletics for the Michigan High School Athletic Association Sept. 15.

Forsythe, who has been directing the Navy's physical education program since the resignation of Cmdr. Gene Tunney, has been on leave of absence from his state job since 1942.

Julian Smith, who replaced Forsythe as high school athletic director, will head the department of education's new health education and recreation division.

## FENCE BUSTING DONE BY TIGERS

Doublebill With Yanks Split; Opener Won, 10-7, In Ninth

BY SID FEDER  
New York, Sept. 5 (AP)—The Detroit Tigers broke out their fence-busting bats just enough today to chill the Yankees' challenge to their American league lead by splitting a doubleheader with the New Yorkers before the season's biggest week-day crowd in Yankee stadium.

They pulled the opener out of the hat 10-7 with a five-run ninth-inning flare-up featuring an awesome assortment of long-distance dynamiting for the entertainment of 51,511 customers. But in the night cap their bats were full of holes and they bowed 5-1 before the stylish southpawing of Joe Page who served up a fancy three-hitter in his first route-going performance this year.

All of this five-hour fuss left the recently red-hot Yanks thoroughly chilled, 5½ games off the pace after dropping two of the three starts so far played in their current seven-game series.

The immediate effect of today's activities on the Tigers, who went into the doubleheader with a 2½ game lead over Washington, won't be apparent until the Senators go to the post tonight.

Today's opening clambake turned out to be a tussle to see which club could hand the game to the other. The Yanks finally won this honor—and lost the game—in the ninth when a pair of tremendous homers by Eddie Mayo and Hank Greenberg—the former with two on—a two-bagger by Roy Cullenbine that slapped up against the 367-foot marker in right and a 450-foot triple powered by Rudy York enabled the Detroiters to make up a two-run deficit and go out in front for keeps.

**Benton Belted Out**  
The Tigers opened the proceedings off Ernie Bonham with a three-run spurge in the first on the strength of Cullenbine's 15th homer of the season with two aboard. All told, incidentally, Cullenbine collected three of the Tigers' 14 hits and knocked in three runs in this one.

The New Yorkers pecked away at Stubby Overmire to tie it up with a run in the first on a walk and Charley Keller's two-bagger to right, and a pair in the third on Jim Outlaw's two-base error, Tuck Stainback's single and Nick Etten's double.

The Tigers came right back in the fifth for two more runs on Overmire's opening two-bagger, singles by Mayo and Doc Cramer and Greenberg's lofty centerfield fly.

In the night-cap the usually-wobbly Page set down the Tigers as if they were blood relatives. He gave up a hit to Mayo in the first, but wasn't touched again until the eighth when a hit, a pair of walks and an infield out, produced Detroit's only run.

Alton Benton was belted out of the box for his seventh straight start in this one, lasting less than three frames. Two hits, a walk and a fly gave the Yanks one in

## The Sports Parade

By Ken Gunderman

Football coaches and officials, attending the annual state association rules meeting here Tuesday night, became embroiled in quite a discussion concerning the regulations for running into and roughing the kicker on punts. Some of the coaches didn't like to have their teams penalized for aggressive play and sought a modification of the rule. Finally, however, they came to the only conclusion that was possible—stick to the rules and let each situation up to the judgment and discretion of the officials.

It is impossible for a handful of coaches to order an interpretation of any play situation that is contrary to the rule book. Football rules interpretations must be uniform and they can be so only by following the specific pattern established in the official code. When coaches dislike any phase of the official code, their recourse is to the rules committee and not to the men who call the fouls on the playing field.

The football rules provide three possible penalties for aggressive action against the kicker. One is a five yard penalty for brushing or running into the kicker. The second is a 15 yard penalty for a more violent offense, such as knocking the kicker down. The third is a 15 yard penalty—and disqualification—for a flagrant and malicious attack against the kicker. In a successful block of a punt, however, running into the kicker is not penalized if it is an incidental part of the play. In each case, the decision is based entirely on the judgment of the official.

One change in the rules for the 1945 season that gets a great big cheer from game officials, at least, is a revision that puts backfield in motion play situations in the same category as offside plays. Last year backfield in motion fouls were treated as fouls between downs. The referee blew his whistle to halt the play and then inflicted the yardage penalty. Now such plays will be permitted to continue and the offended team, the defense, will have an opportunity to decide whether the penalty should be assessed, or declined.

Football fans will get a better understanding of developments on the field if they remember that any kicked ball that goes into the

second and a four-hit flurry, headed by Stuffy Stirnweiss' homer and Nick Etten's three-bagger to right brought in the other four tallies in the third. Etten stretched his hit to three bases while the Detroiters stood around arguing with the umpires that it fell foul. Naturally, the ump's won the decision.

Detroit . . . 000 000 010—1 3 0  
New York . . . 014 000 00x—5 8 1  
Benton, Eaton and Richards; Page and Robinson.

**First Game**  
Chicago 523 100 022—15 20 0  
Philadelphia 300 300 000—6 13 2  
Haynes, Ross (5), and Tresh; Black, Fowler (3), and Astor.

**Second Game**  
Chicago—101 200 000 000 02—6 13 3  
Philadelphia—010 000 021 000 01—5 13 0  
Caldwell, Papish (9), Johnson (14), and Tresh; Newsom, Flores (9), and Rosar.

end zone is a touchback, even though the ball may have been touched by the receiving team in the field of play. This eliminates the chance of scoring a touchdown by a player of the kicking team falling on the ball in the end zone. A touchback is not a scoring play and the ball comes out to the 20 yard line, where the receiving team will take possession.

## TRI-CLUB GOLF MEET PLANNED

Delta County Tourney To Be Played At Highland Course

The Delta county golf tournament, for members of the Highland club, Escanaba club and Gladstone club, will be held Saturday and Sunday, Sept. 8 and 9, at the Highland golf course.

Eighteen holes will be played Saturday, starting at one o'clock sharp, and 36 holes will be played Sunday, beginning promptly at nine o'clock. Dinner will be served at the clubhouse Sunday noon.

Players will be matched in their proper flight of 16 each, according to their 18 hole qualifying score turned in at their home club before six o'clock tonight.

Prizes will be offered in each flight.

## SENATORS DROP FINALE, 4 AND 3

Both Games Overtime; Browns Lose Opener By 2-1 Count

Washington, Sept. 5 (AP)—St. Louis came from behind tonight to win the second game of a doubleheader, 4-3 in 11 innings, after Washington won the twilight contest, 2-1 in 11 innings.

The Senators almost had both victories wrapped up with a 3-2 lead and two Brownies out in the ninth inning of the second game, but Lou Finney tied the score with an inside-the-park homer.

Vern Stephens' triple and Mark Christman's single produced St. Louis' winning run in the tenth.

Rick Ferrell's safety broke up the first game as Mickey Haefer posted his fifteenth victory.  
St. Louis . . . 000 000 010 00—1 5 2  
Washington 000 001 000 01—2 14 3  
Hollingsworth and Hayworth; Haefer and Ferrell.

**First Game**  
St. Louis . . . 100 100 001—4 10 1  
Washington 001 010 100—3 7 1  
Potter, Zoldak (9), Lamacchia (9), and Mancuso; Carrasquel and Evans.

**Second Game**  
Detroit . . . 000 000 010—1 3 0  
New York . . . 014 000 00x—5 8 1  
Benton, Eaton and Richards; Page and Robinson.

Philadelphia, Sept. 5 (AP)—The Chicago White Sox won both ends of a doubleheader from the Philadelphia Athletics tonight, 15-6 and 6-5, the second game lasting 14 innings.

**First Game**  
Chicago 523 100 022—15 20 0  
Philadelphia 300 300 000—6 13 2  
Haynes, Ross (5), and Tresh; Black, Fowler (3), and Astor.

**Second Game**  
Chicago—101 200 000 000 02—6 13 3  
Philadelphia—010 000 021 000 01—5 13 0  
Caldwell, Papish (9), Johnson (14), and Tresh; Newsom, Flores (9), and Rosar.

**First Game**  
Chicago 523 100 022—15 20 0  
Philadelphia 300 300 000—6 13 2  
Haynes, Ross (5), and Tresh; Black, Fowler (3), and Astor.

**Second Game**  
Chicago—101 200 000 000 02—6 13 3  
Philadelphia—010 000 021 000 01—5 13 0  
Caldwell, Papish (9), Johnson (14), and Tresh; Newsom, Flores (9), and Rosar.

## SOFTBALL

**BIRCHES WIN, 13-7**  
Sparked by the hitting of Vern King, who connected for three out of three, and Henry Lancour, who came through with a homer and a single, the White Birches defeated St. Ann C.Y.O. 13 and 7 last night. The Birches collected a total of 18 hits, against five for the losers. Batteries were: White Birch, Lancour and Lancour; St. Ann C.Y.O., Larson, Dufresne and Kuchenberg.

In a second game at the field last night the Dagenais Grocers took Larmays, 8 to 3. The batteries were: Doucette and Hanson for Dagenais, and Porath and Olson for Larmays.

**Fr. Bourgeois Is Winner Of Tourney At Iron Mountain**  
Rev. Lester Bourgeois, of Loretto, formerly of Escanaba, won the Pine Grove country club championship at Iron Mountain on Labor Day.

Father Bourgeois, who had previously annexed the Norway club championship, defeated three opponents and won a fourth match by default to annex the Iron Mountain title. He defeated Hubert Lucarelli, two up, in the final round. The forfeit came in the opening round of the tournament.

## TWO VICTORIES BOLSTER CUBS

Giants Taken, 5-2 And 10-2 By Ray Prim And Passeau

Chicago, Sept. 5 (AP)—Effective pitching by Ray Prim and Claude Passeau backed up by a 20-hit attack enabled the Chicago Cubs to tighten their hold on the National League lead today with a double victory over the New York Giants, 5-2 and 10-2, before 25,769 fans.

Prim, a 39 year old lefthander, allowed only five hits in the 5-2 opener, in recording hits eleven triumph. All of the hits were singles except Ernie Lombardi's 19th homer with one man on in the fifth frame.

The Bruins chased Jack Brewer in the fifth inning of the nightcap when they scored four runs on Roy Hughes' double, singles by Peanut Lowrey and Mickey Livingston and two Giants errors. Five boots by New York in the second fray helped Chicago roll up 10 runs on 10 hits off four pitchers, including a homer by Andy Pafko in the eighth.

The double win increased the Cubs' margin over St. Louis to five games but the Cardinals were playing a night game with Boston.

**First Game**  
New York . . . 000 020 000—2 5 2  
Chicago . . . 000 410 00x—5 10 0  
Zabala, Emmerich, Adams, Fischer and Lombardi; Prim and Rice.

**Second Game**  
New York . . . 001 000 010—2 9 5  
Chicago . . . 200 140 03x—10 10 1  
Brewer, Emmerich, R. Fischer and Klutts; Passeau and Livingston.

## Champion Cardinals Dump Braves, 4 to 2

St. Louis, Sept. 5 (AP)—Harry "The Cat" Brecheen notched up his 11th victory tonight for the St. Louis Cardinals as the World Champions defeated the Boston Braves, 4 to 2.

Brecheen who allowed six hits—three of them to former Cardinal Joe Medwick—was in trouble only in the first inning when Dick Culler and Medwick singled and scored on Charlie Workman's double.

The Cards got one run back in the first off Elmer Singleton on a walk to Lou Klein, a single by Johnny Hopp, and a double play which allowed Klein to score. In the fourth they picked up their other three tallies on singles by Buster Adams and Whitely Kurowsky, a triple by Ray Sanders and a squeeze bunt by Marion The Singleton threw into right field.

The victory kept the Cards in the pennant race, four and one-half lengths behind the Chicago Cubs.

Boston . . . . . 200 000 000—2 6 1  
St. Louis . . . . . 100 300 00x—4 8 1  
Singleton, Hutchings (8), and Masi; Brecheen and Rice.

**Dendrochrology is the science of reading and charting tree rings.**

## CHICAGO PRICES

**CHICAGO BUTTER**  
Chicago, Sept. 5 (AP)—Butter, steady; receipts 536,710; market unchanged.

**CHICAGO EGGS**  
Chicago, Sept. 5 (AP)—Eggs, receipts 19,355; weak; U. S. extras No. 3 and 4, 37 to 38; checks, 27 to 29; other market unchanged.

**CHICAGO POTATOES**  
Chicago, Sept. 5 (AP)—Potatoes, arrivals 94, on track 232, total U. S. shipments 702.  
New stocks: Supplies moderate, demand slow; market dull. California long whites, U. S. No. 1, \$3.25; Idaho bliss triumphs, U. S. No. 1, \$2.25 to \$2.40; Washington long whites, U. S. No. 1, \$2.00 to \$2.25; Nebraska Red Warbas, U. S. No. 1, \$2.50 to \$2.75; North Dakota bliss triumphs, U. S. No. 1, \$2.00 to \$2.25; Wisconsin Red Warbas and Chippewas, U. S. No. 1, and good quality, \$2.10.

**CHICAGO GRAIN**  
Chicago, Sept. 5 (AP)—Grain futures advanced, backed up, and then got a good rally going near the close today to climb as much as 1-1/8 cent a bushel in wheat and 2½ cents in rye. Short-covering in wheat and oats brought strength in late trade, and rye moved upward with these grains, with wheat light and prices more easily influenced. Corn moved upward on scattered buying despite favorable growing weather and a private crop estimate by C. M. Galvin of James E. Bennett and company, which forecast the corn crop about 60,000,000 bushels higher than the August 1 government estimate.

Wheat closed unchanged to 1-1/8 cent higher than the previous finish, September \$1.65. Corn was 1/8 to 1/4 cent up, December \$1.15 3/8. Oats were 3-8 to 7-8 higher, September \$0.81. Rye was up 1-5/8 to 2½ cents, September \$1.50 3/8. Barley was 1/4 to 1-7/8 cent higher, September \$1.08.

**CHICAGO LIVESTOCK**  
Chicago, Sept. 5 (AP)—(USDA)—Salable hogs 5,000, total 5,500; active and fully steady; market and choice barrows and gilts, 140 lbs. up, at 14½ cents; good and choice sows at 14½ cents; complete clearance. Shippers took 1,000 salable calves 800, total 800; fed steers and yearlings strong to shade higher; fairly active on all grades; bulk fed steers 15.50 to 17.00; 12 loads scaling 1,147 to 1,300 lbs. 13.00; the ceiling; sizable supply 17.00 to 17.50; good and choice heifers firm, best 17.50; common and medium grades and all cows low, steady; bulls steady to 25 cents lower; vealers steady to 25 cents higher, shippers paying up to 15.00 for choice vealers; very scant supply stock cattle here at 11.00 to 13.50, mostly 12.00 to 12.50; good to choice southern calves 14.00.

Salable sheep 4,000, total 7,000; slaughter spring lambs steady to 15 cents lower; slaughter ewes 25 cents lower; feeding lambs steady; good and choice native spring lambs 13.25 to 13.50, mostly 13.25; with bulk discounted 1.00; common sortouts 10.50 down; mixed medium to choice Washington springers 12.00 and 13.10; bulk slaughter ewes 5.00 to 6.00; deck good and choice Washington feeding lambs 15.25.

## MORE CANNING SUGAR ALLOTTED

Additional Five Pounds Per Person Will Be Given

Lawrence L. Farrell, district director of the Office of Price Administration, has been advised by the regional office that an additional five pounds of canning sugar per person has been allotted to the region for immediate distribution. This brings the total allotment for 1945 to 15 pounds per person, three pounds higher than the previous estimate.

"The sudden ending of the Jap war has released additional sugar tonnage for civilian use," Mr. Farrell stated, "and OPA is glad to pass it on to housewives without delay. This is in keeping with the pledges previously made and which we have strictly adhered to."

"We will continue to release all items from rationing as quickly as our checks show them to be in plentiful supply," Farrell added. Here is the way in which additional sugar can be obtained:

Mail your request to the rationing board to which you sent your regular application this year. List the names of the persons in the family for whom you are making application, and state that the sugar will be used for home canning only. Do not attach any ration stamps to the application.

If you did not file an application previously (Form R-341) you can apply now for your entire allotment of 15 pounds per person. Be sure to attach all spare stamps No. 13 from Ration Book Four to the application.

The deadline for filing applications is October 1, 1945.

### St. Nicholas

St. Nicholas, Mich.—Miss Mary LeBresche returned to her home in Green Bay after spending a few days at the home of her sister and brother-in-law, Mr. and Mrs. Oscar Sinnave.

Joseph Depuydt motored to Marquette Friday on business.

Mr. and Mrs. Paul Oliver and Emil VanDamme returned to their home in Monroe, Mich., after spending the week end and Labor Day at the Leon Cafmeyer home.

Mr. and Mrs. Emil DeBacher, accompanied by Mr. and Mrs. Jerome DeBacher of Watson left Saturday morning for Nebraska where Emil DeBacher will see about purchasing a load of beef cattle to be put on his ranch at Watson. Enroute they will visit with relatives and friends.

Mr. and Mrs. Henry Depuydt of Duluth, are spending a vacation at their home here, and will visit with relatives also. Mr. Depuydt is employed on a construction job in Duluth.

Mr. and Mrs. Fred Kossov Jr., of Milwaukee, Wis., spent the Labor Day holidays at the home of his mother, Mrs. Fred Kossov Sr., and with other relatives and friends.

Miss Alice Jodocy, who attended the summer session at Northern Michigan College of Education is spending a two weeks vacation at the home of her parents, Mr. and Mrs. Peter Jodocy.

Alphonse Heirman was admitted to St. Francis hospital Sunday as a patient.

Leon Cafmeyer, Madeline and Con and their guests, Mr. and Mrs. Paul Oliver and Emil VanDamme of Monroe, Mich., spent Sunday at Watson visiting at the Emil DeBacher ranch.

Henry Depuydt and Joe Depuydt visited in Manistique Sunday.

### THEY USED TO CALL HER FATTY

Almost unbelievable loss of weight is possible for most overweight people through a pleasant, absolutely harmless reducing method. While eating plenty, it is possible to take off as much as three to five unightly pounds a week. No exercise, no starvation diet, no reducing drugs or cathartics are necessary for those who seek to regain a graceful, youthful figure. In fact, the Tri-Nitrol Way is so confidently recommended that you may try Tri-Nitrol without risking a penny. You and your friends must marvel at the exciting improvement in your appearance; you must get the results you seek in 30 days, or your money will be refunded in full. Easy-to-follow directions with every package.

Ask for Tri-Nitrol at People's and druggists everywhere.  
Copr. 1945, Oxford Products, Inc.

**FATAL WRECK**—One person was killed and three others injured when the auto pictured above came off of Federal Forest Highway 13, went across Highway US-2 which runs at right angles to highway 13, and crashed into an embankment on the south side of the road, Tuesday morning near Nahma Junction. Mrs. Levi Steinhoff, 66, Munising, died of a broken neck. The driver, Harvey Steinhoff, Riverside, Ontario, Canada, suffered from shock. His sons, Ronald, 17, and Leighton, 21, were both injured. Leighton is seen beside the auto as an ambulance was awaited to take him to a hospital in Munising. Steinhoff ascribed the accident to brake failure.

### Briefly Told

**Cigarettes Stolen**—Escanaba police reported yesterday that the Viau cash store was entered sometime Tuesday night and four cartons of cigarettes and some candy bars were stolen. Entrance was gained by forcing open a rear door.

**To Hospital**—Escanaba City Forester Robert Clayton Sunday was removed from St. Francis hospital here to Rochester clinic, where he will receive treatment for a recent illness.

**Case Continued**—The court trial of Peter Larson, Danforth, charged with drunk driving, has been continued by Justice Henry Rarguette to Sept. 14 at the request of Larson's attorney. The trial was scheduled for 2 p. m. yesterday.

**Apply for License**—Application for a marriage license has been made at the office of County Clerk J. Theodore Ohlen by Reuben Ingesson of Evanston, Ill., and Ellen Miller of Ingallston.

**Recreation Dance**—The regular old timers dance will be held at the recreation building from 9 until 12 o'clock tonight. Henriksen's orchestra will play.

**Queen for Day**—Alice Meighan, sister of Mary Meighan, of Escanaba, was chosen as "queen for a day" in Hollywood Tuesday. She was given a silver scepter and was showered with gifts.

### Two Injured In Traffic Mishap

Two persons were injured, one seriously, in a traffic accident at Twenty-Third street and Eighth avenue south in Escanaba yesterday afternoon.

Mrs. Charles Burnham of Bark River was seriously hurt, and her husband received treatment and was discharged from St. Francis hospital.

The Burnham car was traveling west on Eighth avenue, and a car driven by Arthur G. Oelker of Lamont, Mich., was going north on Twenty-Third street when they collided at the intersection, police reported. Mrs. Oelker suffered a bruised arm.

### Pollen Count Is Low In Escanaba

The pollen count in Escanaba Saturday, the last date on which reports are available here, was only 29, indicating almost total relief for hay fever addicts, Henry E. Hathaway, local meteorologist, reported.

The highest pollen count of the season in Escanaba was recorded last Friday, when the count reached 117. The heavy rain of Saturday resulted in the sharp drop to 29.

In comparison, pollen counts in the lower peninsula have been as high as 2000.

## Eagles Officer Speaker At Initiation Banquet

William P. Wetherald, grand worthy treasurer of the Fraternal Order of Eagles, was principal speaker at an initiation banquet Tuesday night at the Sherman hotel, when 28 candidates became members of the Escanaba Aerie.

Objectives of the Eagles must be attained in the field of social security, juvenile delinquency, full employment and aid for returning servicemen in order to realize a better postwar America, Wetherald declared.

Maintenance of peace will depend upon practicing the principles of brotherhood and fraternity espoused by Eagles, he said. The Fraternal Order of Eagles is the largest benefit paying fraternal organization in America.

The alarming increase in juvenile delinquency calls for concerted action now by Eagles, other community organizations, welfare and law enforcement authorities, Wetherald said. Eagles throughout the nation are directing their energies, through local Aerie committees, to provide a decent future for wayward children, and stand ready to co-operate in all worthy undertakings to achieve this goal, he added. Wetherald pointed out that the Eagle state Aeries of Ohio, Indiana, Washington, New York and other states are sponsoring legislative measures looking toward the establishment of state-supported institutions for neglected children. The Eagles' dormitory at Father Flanagan's Boys' Town, erected by Eagles at a cost of \$160,000 in 1941, to house 125 youths, demonstrates the interest the organization has in the welfare of juveniles, he said.

Turning to the subject of aid for returning servicemen, the speaker said that every veteran, despite the benefits the federal and state governments may confer, will need the neighborly assistance of the Eagles and other home groups for readjustment into community life. Local Aeries are enlisting their leaders and using their facilities to provide this aid with "Welcome Home" parties, dissemination of information, help in securing employment, and other means, he pointed out. This program, too, includes letter-writing and sending gifts to keep Eagle servicemen "in contact with the folks in their home town."

Postwar employment must be provided for servicemen and war workers alike if democracy is to function unhampered and the war sacrifices are not to be in vain, Wetherald asserted. He advocated adoption of the guaranteed annual wage by industry, a measure endorsed by the Eagles National Commission on Stimulation of Employment, as a practical way to remove the fear of job insecurity and inadequate income from American homes.

W. P. WETHERALD

Officers of the conservation department and the sheriff's department are cooperating in efforts to kill or trap a black bear that has raided the Charles Milkovich farm located about two miles west of Escanaba on the Old State Road.

Milkovich reported that three pigs have been missing and that bear tracks were found in the farmyard. Conservation Officer Allan Tweedy of Rapid River, trapper instructor for the state, is directing the trapping effort.

### Hospital

Mary Dell Schroeder, daughter of Mr. and Mrs. Edward Schroeder, 1507 Fifth avenue south, has been dismissed from St. Francis hospital.

## Census of School Age Children In Escanaba Is 3871

The school census of 1945 totals 1381, an increase of three over the previous year, Supt. John A. Lemmer announced yesterday. The census includes all children ages five to 19, inclusive.

The 1944 census was 3868. During the past year 245 left the community, 298 reached the age of 20, four died, 307 children of school census age moved to the community and 243 additional children were added to the group by virtue of having reached the age of five years.

### Pig-Stealing Bear Raids Local Farm

Officers of the conservation department and the sheriff's department are cooperating in efforts to kill or trap a black bear that has raided the Charles Milkovich farm located about two miles west of Escanaba on the Old State Road.

Milkovich reported that three pigs have been missing and that bear tracks were found in the farmyard. Conservation Officer Allan Tweedy of Rapid River, trapper instructor for the state, is directing the trapping effort.

## Begin Removal Of Court House Tower

The removal of a clock tower at the northwest corner of the courthouse in Escanaba was started yesterday under a contract arranged by the buildings and grounds committee of the county board of supervisors. The brick-work of the tower was considered

unsafe and it was decided to remove the structure.

The courthouse was built in 1884 and considerable repair work is necessary, both in removing the tower and in repairing other portions of the building. The work was authorized by the county board at its last meeting.

Washington, D. C., is located southwest of Ottawa, Canada.
